### Draft decision -/CP.18

#### National adaptation plans

*[The Conference of the Parties,*

*[Recalling Article 4, paragraphs 1, 4 and 9, and Article 11, paragraph 5, of the Convention,]*

*[Also recalling decisions 11/CP.1, 27/CP.7, 1/CP.16 and 5/CP.17,]*

*Further recalling the initial guidelines for the formulation of national adaptation plans by the least developed country Parties adopted under decision 5/CP.17,*

*Reaffirming that because of their development status, climate change risks magnify the development challenges for the least developed country Parties,*

*Recalling that the national adaptation plans are a process to enable the least developed country Parties to formulate and implement national adaptation plans, building upon their experience in preparing and implementing national adaptation programmes of action, as a means of identifying medium- and long-term adaptation needs and developing and implementing strategies and programmes to address those needs; and that other developing country Parties were invited to employ the modalities formulated to support the national adaptation plans in the elaboration of their planning effort,<sup>1</sup>*

*Underlining that planning for adaptation at the national level is a continuous, progressive and iterative process, the implementation of which should be based on nationally identified priorities, including those reflected in the relevant national documents, plans and strategies, and coordinated with national sustainable development objectives, plans, policies and programmes,*

*[Recalling the request to the Adaptation Committee, in accordance with its agreed functions, to consider, in its workplan, the relevant modalities for supporting interested developing countries that are not least developed country Parties to plan, prioritize and implement their national adaptation planning measures, including through the use of the modalities contained in decision 5/CP.17,]*

*Reaffirming the importance of the need to address adaptation planning in the broader context of sustainable development planning,*

*Underlining that the national adaptation plan process should build on and complement existing adaptation planning, should not be prescriptive and should facilitate country-driven, gender-sensitive, participatory action taking into consideration vulnerable groups, communities and ecosystems,*

*Recognizing the value of the experiences gained in preparing and implementing national adaptation programmes of action<sup>2</sup> and stressing that support for the national adaptation plan process [should not be at the expense of][should be provided while maintaining progress for] the national adaptation programmes of action,*
