1. This note provides information on the status of submission and review of fifth national communications¹ (NC5s) under the Convention and its Kyoto Protocol from Parties included in Annex I to the Convention (Annex I Parties) as at 16 November 2012.

2. The Conference of the Parties, by decision 10/CP.13, requested Annex I Parties to submit their NC5s by 1 January 2010, in accordance with Article 12, paragraphs 1 and 2, of the Convention. Decision 8/CMP.3 requested Annex I Parties that are also Parties to the Kyoto Protocol to include, in their NC5s, the necessary supplementary information required under the “Guidelines for reporting supplementary information under Article 7, paragraph 2, of the Kyoto Protocol” (contained in the annex to decision 15/CMP.1).

3. At the time of preparation of this note, and as shown in the table below, the secretariat had received 40 NC5s. A total of 16 Annex I Parties submitted their NC5s before the due date of submission in accordance with decision 10/CP.13; 24 Parties submitted their NC5s after that date (19 of these submitted them within six weeks after that date) and one Annex I Party has yet to submit its national communication. Submission

¹ The term “fifth national communication” includes the second, third and fourth national communications that were submitted during the period of time in which the majority of Parties included in Annex I to the Convention submitted their fifth national communication in accordance with decision 10/CP.13.

dates and the pending submission are reflected in the table included in this document.² All national communications received so far have been posted on the UNFCCC website.³

4. In accordance with decisions 2/CP.1, 6/CP.3, 11/CP.4, 33/CP.7, 4/CP.8, 7/CP.11 and 9/CP.16, national communications from Annex I Parties are subject to in-depth review. The “Guidelines for review under Article 8 of the Kyoto Protocol” (contained in the annex to decision 22/CMP.1) (hereinafter referred to as the Article 8 review guidelines) specify that each national communication submitted by an Annex I Party shall be subject to a scheduled in-country, in-depth review. This in-depth review for Annex I Parties that are also Parties to the Kyoto Protocol encompasses a review of the supplementary information under Article 7, paragraph 2, of the Kyoto Protocol and also a review of the supplementary information under Article 7, paragraph 1, of the Kyoto Protocol on the minimization of adverse impacts in accordance with Article 3, paragraph 14.

5. In accordance with decision 10/CMP.6, the secretariat should organize centralized reviews of NC5s for Parties with total greenhouse gas emissions of less than 50 million tonnes of carbon dioxide equivalent (excluding land use, land-use change and forestry), with the exception of Parties included in Annex II to the Convention, for which the secretariat will organize in-country, in-depth reviews.

6. As at 16 November 2012, the secretariat had reviewed all submitted NC5s. The reviews included 32 in-country reviews. The NC5s of eight Parties were reviewed in centralized reviews in accordance with decision 10/CMP.6, namely the NC5s of Croatia, Estonia, Latvia, Liechtenstein, Lithuania, Monaco, Slovakia and Slovenia.
