Implementation of all the elements of decision 1/CP.17

Draft conclusions proposed by the Co-Chairs

Recommendation of the Ad Hoc Working Group on the Durban Platform for Enhanced Action

The Ad Hoc Working Group on the Durban Platform for Enhanced Action, at the seventh part of its second session, recommended the following draft decision for consideration and adoption by the Conference of the Parties at its twentieth session:

Draft decision -/CP.20

Further advancing the Durban Platform

The Conference of the Parties,

Reiterating that the work of the Ad Hoc Working Group on the Durban Platform for Enhanced Action shall be under the Convention and guided by its principles,

Recalling the objective of the Convention as set out in its Article 2,

Also recalling all the relevant decisions of the Conference of the Parties, particularly decisions 1/CP.17, 2/CP.18 and 1/CP.19,

Noting with grave concern the significant gap between the aggregate effect of Parties’ mitigation pledges in terms of global annual emissions of greenhouse gases by 2020 and aggregate emission pathways consistent with having a likely chance of holding the increase in global average temperature below 2 °C or 1.5 °C above pre-industrial levels,

1. Confirms that the Ad Hoc Working Group on the Durban Platform for Enhanced Action shall complete the work referred to in decision 1/CP.17, paragraph 2, as early as
2. Decides that the protocol, another legal instrument or agreed outcome with legal force under the Convention applicable to all Parties shall address, inter alia, mitigation, adaptation, finance, technology development and transfer, capacity-building and transparency of action and support in a balanced manner;

3. Urges developed country Parties to provide and mobilize support to developing country Parties for ambitious mitigation and adaptation actions, especially to Parties that are particularly vulnerable to the adverse effects of climate change; and invites other Parties willing to do so to complement such support;

4. Acknowledges the progress made in Lima, Peru, in elaborating the elements for a draft negotiating text as contained in the annex and decides that the Ad Hoc Working Group on the Durban Platform for Enhanced Action will intensify its consideration, with a view to making available a negotiating text for a protocol, another legal instrument or an agreed outcome with legal force under the Convention applicable to all Parties before May 2015;

5. Requests the secretariat to communicate the negotiating text referred to in paragraph 4 above to Parties in accordance with provisions of the Convention and the applied rules of procedure, while noting that such communication will not prejudice whether the outcome will be a protocol, another legal instrument or an agreed outcome with legal force under the Convention applicable to all Parties;

6. Notes that the arrangements specified in this decision in relation to intended nationally determined contributions are without prejudice to the legal nature and content of the intended nationally determined contributions of Parties or to the content of the protocol, another legal instrument or agreed outcome with legal force under the Convention applicable to all Parties;

7. Reiterates its invitation to each Party to communicate to the secretariat its intended nationally determined contribution towards achieving the objective of the Convention as set out in its Article 2;

8. Agrees that each Party’s intended nationally determined contribution towards achieving the objective of the Convention as set out in its Article 2 will represent a progression beyond the current undertaking of that Party;

9. Also agrees that the least developed countries and small island developing States may communicate information on strategies, plans and actions for low greenhouse gas emission development reflecting their special circumstances in the context of intended nationally determined contributions;

10. Invites all Parties to consider communicating their undertakings in adaptation planning or consider including an adaptation component in their intended nationally determined contributions;

11. Reiterates its invitation to all Parties to communicate their intended nationally determined contributions well in advance of the twenty-first session of the Conference of the Parties (by the first quarter of 2015 by those Parties ready to do so) in a manner that facilitates the clarity, transparency and understanding of the intended nationally determined contributions;

12. Decides that all Parties shall, in the context of their intended nationally determined contributions and in order to facilitate clarity, transparency and understanding, provide information on the reference point (including, as appropriate, a base year), time frames
and/or periods for implementation, scope and coverage, planning processes, assumptions
and methodological approaches including those for estimating and accounting for
anthropogenic greenhouse gas emissions and, as appropriate, removals, and how the Party
considers that its intended nationally determined contribution is fair and ambitious, in light
of its national circumstances, and how it contributes towards achieving the objective of the
Convention as set out in its Article 2;

13. **Reiterates** its call to developed country Parties, the operating entities of the
Financial Mechanism and any other organizations in a position to do so to provide support
for the preparation and communication of the intended nationally determined contributions
of Parties that may need such support;

to organize a non-intrusive and facilitative dialogue, respectful of national sovereignty, at
the sessions of the Ad Hoc Working Group on the Durban Platform for Enhanced Action
starting in June 2015 with the objective of facilitating the clarity, transparency and
understanding of the intended nationally determined contributions of those Parties willing
to do so;

15. **Also requests** the secretariat to:

    (a) Publish on the UNFCCC website the intended nationally determined
        contributions as communicated;

    (b) Prepare by 30 July 2015 a technical paper compiling the information
        provided by 30 June 2015 by Parties when communicating their intended nationally
determined contributions;

16. **Encourages** all Parties to the Kyoto Protocol to ratify and implement the Doha
Amendment to the Kyoto Protocol;

17. **Decides** to accelerate the implementation of decision 1/CP.19, paragraphs 3 and 4,
by convening a forum to be held in conjunction with the forty-fourth sessions (May 2016)
and the forty-sixth sessions (May 2017) of the subsidiary bodies and invites all Parties to
participate in the forum in order to:

    (a) Be informed by the status of implementation of the institutional arrangements
        under the Convention;

    (b) Assess the need to mobilize financial resources, technological support and
capacity-building support to enable developing country Parties to implement their
nationally appropriate mitigation actions;

    (c) Review the progress made in the technical examination of good practice
policies, technologies, financial arrangements and options to enhance pre-2020 ambition;

    (d) Facilitate the coherence of the work of the Convention bodies relevant to the
implementation of pre-2020 climate action;

18. **Also decides** to continue the technical examination of opportunities with high
mitigation potential, including those with adaptation, health and sustainable development
co-benefits, in the period 2015–2020, by requesting the secretariat to:

    (a) Organize a series of in-session technical expert meetings which:

        (i) Facilitate Parties in the identification of policy options, practices and
technologies and in planning for their implementation in accordance with nationally
defined development priorities;

        (ii) Build on and utilize the related activities of, and further enhance
collaboration and synergies among, the Technology Executive Committee, the
Climate Technology Centre and Network, the Durban Forum on capacity-building, the Executive Board of the clean development mechanism and the operating entities of the Financial Mechanism;

(iii) Build on previous technical expert meetings in order to hone and focus on actionable policy options;

(iv) Provide meaningful and regular opportunities for the effective engagement of experts from Parties, relevant international organizations, civil society, indigenous peoples, women, youth, academic institutions, the private sector, and subnational authorities nominated by their respective countries;

(v) Support the accelerated implementation of policy options and enhanced mitigation action, including through international cooperation;

(vi) Facilitate the enhanced engagement of all Parties through the announcement of topics to be addressed, agendas and related materials at least two months in advance of technical expert meetings;

(b) Update, following the technical expert meetings referred to in paragraph 18(a) above, the technical paper on the mitigation benefits of actions, and on initiatives and options to enhance mitigation ambition, compiling information provided in submissions from Parties and observer organizations and the discussions held at the technical expert meetings and drawing on other relevant information on the implementation of policy options at all levels, including through multilateral cooperation;

(c) Disseminate the information referred to in paragraph 18(b) above, including by publishing a summary for policymakers;

19. Requests the Ad Hoc Working Group on the Durban Platform for Enhanced Action to make recommendations in relation to further advancing the technical examination process, including the periodic assessment of the technical expert meetings, to the Conference of the Parties at its twenty-first session;

20. Welcomes the Lima Climate Action High Level Meeting convened by the President of the Conference of the Parties on 11 December 2014 and encourages the Executive Secretary and the President of the Conference of the Parties to convene an annual high-level event on enhancing implementation of climate action;

21. Notes the estimated budgetary implications of the activities to be undertaken by the secretariat referred to in this decision and requests that the actions of the secretariat called for in this decision be undertaken subject to the availability of financial resources.
