#### **Lima work programme on gender**

*The Conference of the Parties,*

*Recalling* decisions 36/CP.7, 1/CP.16 and 23/CP.18 on improving the participation of women in Convention negotiations and in the representation of Parties in bodies established under the Convention,

*Underscoring* the importance of coherence between gender-responsive climate policies and balanced participation of women and men in the Convention process and the provisions of international instruments such as the Convention on the Elimination of All Forms of Discrimination against Women and the Beijing Declaration and Platform for Action,

*Acknowledging* the progress made in advancing gender balance and gender equality within the context of climate change policies and in line with the individual country circumstances and gender-responsive climate policy through the decisions referred to above, and the need for gender mainstreaming through all relevant targets and goals in activities under the Convention as an important contribution to increase their effectiveness,

*Noting* that, notwithstanding the progress made by Parties in implementing the decisions referred to above, there is a need for women to be represented in all aspects of the Convention process, including through membership of their national delegations and the chairing and facilitation of formal and informal negotiating groups,

*Also noting* that gender-responsive climate policy still requires further strengthening in all activities related to adaptation and mitigation as well as decision-making on the implementation of climate policies,

4. *Requests* the secretariat to include in its next annual report, as referred to in decision 23/CP.18, paragraph 8, information regarding the implementation by the secretariat of those decisions that include a gender approach, in keeping with applicable gender-related policies under the Convention;
5. *Decides* to strengthen the existing work on gender balance in the thematic priority areas set out in paragraphs 6 to 12 below;
6. *Encourages* Parties to support (a) training and awareness-raising for female and male delegates on issues related to gender balance and climate change, and (b) building the skills and capacity of their female delegates to effectively participate in UNFCCC meetings via training on, inter alia, negotiation skills, drafting of legal language and strategic communication;
7. *Also encourages* interested Parties and relevant organizations to support these training and capacity-building efforts, particularly for delegates from Parties that are particularly vulnerable to the adverse effects of climate change, including the least developed countries, small island developing States and countries in Africa;
8. *Requests* the secretariat to support the organization of these training and capacity-building efforts, inter alia, in conjunction with sessions of the subsidiary bodies;
