ANNOUNCEMENTS

13.00 – Club Lounge: Pre-launch of a new book "EU Climate Policy Explained"

Presentation by Jos Delbeke, Director-General for Climate Action, European Commission

The EU is the region of the world where the most climate policies have been implemented, and where practical policy experimentation in the field of the environment and climate change has been taking place at a rapid pace over the last twenty-five years. The event will highlight key findings from a new book on the EU's climate policies, demonstrating not only the step-by-step approach that has been used to develop these, but also the ways in which they have been tested and further improved in light of experience.
