## ANNOUNCEMENTS

### Offset Your Travel to COP21 With Climate Neutral Now!

This past September, the UNFCCC launched Climate Neutral Now, a new initiative that fosters demand for voluntary cancellation of emissions reductions and raises awareness about the need for a climate neutral world. The initiative urges individuals, companies and governments to measure their climate footprint and reduce their greenhouse gas emissions as much as possible. Then, people can offset their remaining unavoidable with UN-certified emissions reductions through an online platform developed by the Executive Board of the Clean Development Mechanism.

The UNFCCC invites COP attendees to walk the talk by offsetting their travel to the conference or their annual or lifetime climate footprint. To offset your emissions, visit [ClimateNeutralNow.org](http://ClimateNeutralNow.org) or the UNFCCC Climate Neutral desks at COP21.
