² The term “Party included in Annex I” is defined in Article 1, paragraph 7, of the Kyoto Protocol.

II. Proposed organization of the session: overview

(a) Scenario for the launch and the completion of work in all bodies

1. The President of the Conference of the Parties (COP) at its twenty-first session will open COP 22 and propose the election of the President of COP 22, who will also serve as the President of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) at its twelfth session. The COP will then take up some of the organizational and procedural items on its provisional agenda, including the adoption of the agenda and the organization of work. The COP will refer items on its agenda to the subsidiary bodies, as appropriate. The opening plenary meeting of the COP will then be adjourned. Next, the President will open CMP 12 and take up some of the organizational and procedural items on its provisional agenda, after which the opening plenary meeting of the CMP will be adjourned.

2. After launching their work, the COP and the CMP will convene in a joint plenary meeting to hear statements on behalf of groups of Parties. Based on guidance urging Parties and presiding officers to conclude the conference in a timely manner,³ it is envisaged that statements made on behalf of groups of Parties will be concise.

3. The following sessions of the subsidiary bodies have been scheduled in conjunction with COP 22 and CMP 12:

(a) Forty-fifth session of the Subsidiary Body for Scientific and Technological Advice (SBSTA);

(b) Forty-fifth session of the Subsidiary Body for Implementation (SBI);

(c) Second part of the first session of the Ad Hoc Working Group on the Paris Agreement (APA).

4. The COP and the CMP will convene plenary meetings during the first week of the conference to take up the items on their agendas that have not been referred to the SBSTA, the SBI or the APA.

5. During the Marrakech Conference, meetings will be organized in line with the conclusions of the SBI⁴ to ensure the observance of clear and effective time management practices, as well as the relevant procedures and working practices agreed to by all Parties.

6. In order to ensure that draft texts can be processed and made available in all United Nations official languages before presentation to the COP and the CMP for consideration and adoption, and to enable the timely closure of the conference, all negotiations in the COP and the CMP must conclude by Wednesday, 16 November.

7. In keeping with the conclusions adopted at SBI 40,⁵ all meetings are scheduled to end by 6 p.m. each day in order to give Parties and regional groups sufficient time to prepare for daily meetings, but may, in exceptional circumstances, and on a case-by-case basis, continue for two to three hours.

8. The SBI also recommended⁶ that the secretariat, when organizing sessional periods, follow the practice of holding no more than two meetings of plenary and/or contact groups concurrently, with the total number of meetings held concurrently, including informals, not exceeding six, to the extent possible. It further recommended that the secretariat continue to

take into consideration, when scheduling meetings, the constraints faced by delegations and avoid clashes on similar issues, to the extent possible.

9. The principles of openness, transparency and inclusiveness will guide the organization of work during the Marrakech Conference. To this end, efforts will continue, as at recent conferences, to demonstrate these principles through the use of informal plenary meetings to take stock of progress and ensure transparency, the enhanced availability of electronic documentation, timely meeting announcements and the broadcasting of meeting information on closed-circuit television, the UNFCCC website and Twitter.

(b) High-level segment

10. The inauguration of the high-level segment will take place in the morning of Tuesday, 15 November (see paras. 63–70 below).
