

## Daily Programme

### High-level segment

The high-level segment will resume in Plenary New York at 10.00 hrs to continue hearing national statements by Heads of State and Government followed by groups.

After a short pause, the HLS will divide into two plenaries, Plenary Genf and Plenary New York, allowing for national statements to continue in parallel. The [list of speakers](#) for each meeting room will be established in accordance with the English alphabetical order of Party names together with the time of inscription in the list.

**Statements in Plenary Genf will continue until delivery of all statements scheduled in this room.**

**Statements in Plenary New York will be adjourned at 18.00 hrs to allow for the Joint COP/CMA stocktaking plenary. National statements will resume in Plenary New York at 20.00 hrs.**

Statements by intergovernmental organizations, followed by statements from non-governmental organizations are scheduled to be taken up after the completion of national statements. This is foreseen for the evening of Thursday, 16 November 2017. The statements of IGOs will be taken up in alphabetical order by organization's name.

Depending on when national statements are completed, all IGO and NGO statements might be taken up on Thursday evening; however, there might be the possibility that the meeting is adjourned and resumed on Friday, 17 November 2017 in the morning.

All speakers are reminded that they should be present in the plenary at least fifteen minutes before (or five speakers ahead of) their statement.

**Speaking slots for those who are not in the plenary at the time for delivery of their statements will be scheduled to speak at the end of all statements of the same category (ministers, vice-ministers etc).**

Representatives are reminded that statements made during the high-level should not exceed the three-minute limit, as decided by the Conference of the Parties at its first plenary meeting. Given the number of Parties and the limited amount of time available for statements, it will be necessary to limit the duration of each statement. In fairness to all speakers, time limits will be strictly enforced. It is suggested that statements be as brief and concise as possible. A bell system will be used during the delivery of statements. The bell will sound at three minutes and will continue to sound every minute until the end of the statement.

Parties are encouraged to reduce oral statements to the three-minute limit on the understanding that the full version of their statements will be posted on the UNFCCC website.

The proceedings can be followed on [webcast](#) and on the TV screens throughout the Conference Center. Until 12.00 hrs, the proceedings can also be followed in Chamber Hall and Meeting Room Nairobi 1/2/3 without restriction.

On both sides of Heinemannstrasse there are a limited number of parking lots, which are exclusively foreseen for Ministers at COP23 (the lots are labeled with a COP23 logo sign).

To ensure the quick and reliable identification of a Minister's car, we recommend placing a printed copy of their Bonn Zone vehicle decal visibly inside the car, e.g. behind the windshield. We also kindly ask you to add the name of your delegation to the decal in case of security-relevant situations.
