

I have the honor of speaking on behalf of the Environmental Integrity Group, composed by Lechtenstein, Monaco, Republic of Korea, Switzerland and my country, Mexico.

We express our appreciation to the European Union, for presenting this initiative to strengthen decision 36/CP.7 and enhance women representation in the UNFCCC.

The EIG fully support the proposal and share its objectives. It is also coherent with other processes under the United Nations aimed at enhancing the role of women in all spheres of the society.

We look forward participating at the informal consultations to be convened for the discussion of the proposal and to adopting a decision here in Doha.
