### **List of speakers for the high-level segment attended by ministers and other heads of delegation**

Delegates are reminded that statements during the high-level segment on Tuesday, 21 November, should not exceed the traditional three- to four-minute limit. Parties are encouraged to consider consolidating individual statements into one statement made on behalf of a group of Parties, in which case a time limit of five minutes will apply. Given the large number of statements, it is suggested that statements be as brief and concise as possible, with full texts available for distribution (see below for the quantities required). If Parties do not wish to speak but would prefer only to have their statements circulated, the secretariat will make arrangements to distribute the copies and enter the statement in the records of the Conference.

Any changes in the name and rank of the speaker previously communicated to the secretariat should be provided as early as possible to the desk in the main hall of the Congress Centre next to the area for meeting room assignments so that the speakers' list can be corrected accordingly. Parties are kindly requested to note that the secretariat is not in a position to accommodate individual requests for changes in a Party's speaking slot. Parties wishing to make a change should arrange to exchange slots with another Party, and jointly notify the secretariat of the agreement that has been reached.

*Delegates wishing to have their statements circulated in Plenary are requested to deliver 300 copies to the desk of the Conference Officer, which is located on the stage to the right of the podium, before the start of the meeting. A minimum of 15 copies will be required for circulation to essential services, including the interpreters. Delegates are reminded that the secretariat cannot be responsible for photocopying statements. Facilities are available in the Van Ruysdael rooms on the first floor of the Netherlands Conference Centre.*

### **Credentials**

Credentials of representatives, alternate representatives and advisers shall be issued either by the Head of State or Government or by the Minister for Foreign Affairs. Delegations are kindly requested to forward the corresponding letter of credentials to the secretariat in the Staten Hall (Carrie Bullington).

### **Security**

Enhanced measures have been put in place to ensure the safety and security of conference participants. Consequently, they may be requested to verify their identity. This may lead to some inconvenience at times, but it is expected that participants will understand the need for such arrangements. To this end, participants should ensure that they carry a form of picture ID with them at all times in addition to their entry badges.

### **Real audio/video coverage of COP 6 on the Internet**

Real audio/video coverage of key meetings is available over the Internet via “Conference Live” on [cop6.unfccc.int](http://cop6.unfccc.int). Look for the programme on the web site.

### **Reimbursement of visa fees**

Delegates who have experienced technical problems with visa fees are requested to bring their passport or other appropriate documents to the special desk open from 1 p.m. to 3 p.m. in the Administration room (S5) today, Monday, 20 November and Friday, 24 November for reimbursement.

### **Pigeonholes for delegates**

Pigeonholes are located in the Documents distribution area. Delegates are invited to check their pigeonholes regularly for messages. Messages for delegates may also be left on the message boards in the main foyer of the Congress Centre.

### **Information for participants**

A booklet detailing the various facilities and services available to participants may be obtained from the Information desk.

### **Catering facilities**

In addition to the Press Restaurant and the Famous Tables Café, participants will find a food court at ground level and a buffet restaurant in the basement, where a wide variety of dishes and snacks are served at very reasonable prices.

Anyone ordering coffee from the catering areas is requested to take note of the reusable cups. Recycling receptacles are located throughout the building. Coupons need to be purchased beforehand from the desk opposite the Documents distribution counter.

## **EVENTS**

### **UNFCCC events**

COP 6 President, Jan Pronk, will open this UNFCCC event on Article 6 of the Convention, entitled: "Education, training and public awareness: communicating policy and science" from 1 p.m. to 3 p.m. in Van Gogh Hall. The event will portray the critical role played by communication in raising awareness and increasing public participation. The Executive Secretary will then outline the action taken so far by the Parties to implement this article. The chairs will then call upon three presenters from the Netherlands Ministry of the Environment, Small Island Developing States and Norway to give concrete examples of what has been done at national, regional and international level.

### Climate change kiosk

The Environmental Resources Trust presents a demonstration of its "Greenhouse Gas Registry Program" at 1.00 p.m.

Réseau Action Climat et Association pour le Développement des Outils Multimédia appliqués à l'Environnement presents a "CD-ROM: Environmental encyclopedia" at 1.30 p.m.

EPOTEC presents "EA2 emissions accounting and analysis programme" at 2.30 p.m.

### Special events

The secretariat would like to note that the scheduling of events remains dependent on the demands of the negotiating process

As part of the launch, representatives of the press attending COP 6 are invited to visit the “New Nature Area – Klein Projijt” near the harbour in Rotterdam between 1 p.m. and 5 p.m. Journalists wishing to visit the project or who want more information on the initiative should contact the WWF office in the Congress Centre or speak to Marie-Christine Lanser-Reusken on Tel.: 030-6937374, mobile 06 215 48657 before 12 noon.

**Integrated solutions to climate change: co-benefiting air pollution, health, and sustainable development**

Presentation organized by the Alliance To End Childhood Lead Poisoning, at the Dutch Ministry of Housing, Spatial Planning and Environment, Rijnstraat 8, Room D.04.32, The Hague, from 1 p.m. to 3.30 p.m. Presenters: David Hales (US Agency for International Development), James Hansen (NASA Goddard Institute for Space Studies), Curtis Moore (Institute for Global Environmental Education and Coordination), Maria Rapuano (Alliance), George Thurston (New York University) and Krola Tashner (European Environment Bureau/European Clean Air Alliance)

Panel presenters will demonstrate the importance of integrated solutions to climate change that co-benefit public health, conventional air pollution, and sustainable development. They will emphasize the ways such solutions not only advance technical and policy innovations, but also help expand and strengthen the constituency in support of the work of the UNFCCC. Presenters will also stress the corresponding need to guard against the adoption of fragmented policies that address one problem to the detriment of effective solutions to others.
