

Proposed process

- (a) Invite the Chair of the AE/DOE Coordination Forum for working together in developing the manual;
- (b) Request the secretariat to prepare an annotated version of the VVM and identify areas:
 - (a) not consistent with the requirements and/or require additions/revisions.
 - (b) to be incorporated which could be relevant to the work of the DOEs;
- (c) Requests the CDM accreditation panel and CDM Methodologies panel and also working group for small-scale project activities and afforestation and reforestation working group to comment on the review by the secretariat
- (d) Requests the secretariat to hold a workshop on the basis of a revised version of the VVM taking by inviting all AEs and DOEs and one member of each panel and working group to provide them an opportunity to seek explanations and comment on the revisions and additions
- (e) The secretariat to submit a consolidated version of revisions/modifications for the consideration and adoption the Board;

Chair of the CDM accreditation panel with the assistance of the secretariat to oversee the above process and present the final draft to the Board
