The United Nations Framework Convention on Climate Change (UNFCCC) is the focus of the political process to address climate change. The UNFCCC secretariat supports the Convention, its Kyoto Protocol and the Paris Agreement through a range of activities, including substantive and organizational support to meetings of the Parties and the implementation of commitments. It is a dynamic organization working in a politically challenging environment to help resolve one of the defining environmental issues of our time.

Where you will be working

The position is located in the Finance team, which is accountable for managing the financial accounts of the organization and related financial reporting including the preparation of the financial statements as per International Public Accounting Standards (IPSAS).

Reporting to the Chief Accountant (P4), you will be responsible for processing and monitoring the entire range of accounting transactions including providing financial analysis and reporting on the organization's IPSAS compliant accounts. You will also support the maintenance of UNFCCC's financial management as a whole as well as related policies and procedures. In addition, you will assist in the preparation of the annual financial statements and contribute to related audit queries.

Your responsibilities

Within delegated authority, you will be responsible for the following duties:

- Collects, reviews and analyses relevant accounting data for the main accounting areas (accounts receivable, accounts payable, clearing accounts, bank reconciliations, cost recovery);
- Prepares, reviews and/or approves accounting records and financial data for accuracy and compliance under the guidance of the Finance Officer;
- Assists in ensuring that accurate and complete accounting, reporting and internal control systems are functioning and that all relevant records are maintained;
- Trains and supports client programmes on procedures to be followed for IPSAS compliant financial information;
- Processes and approves journal vouchers, accounts payable and accounts receivable documents in the existing ERP system;
- Reviews open items and suspense accounts balances during the year and prepares adjusting entries as required before preparation of financial statements;
- Prepares monthly, quarterly and annual account reconciliations to identify discrepancies and other errors and initiates their correction and avoidance of such errors in the future;
- Participates in and supports the annual account closures including pre-close and mid-year review activities in all accounting areas providing input and feedback to all stakeholders

- involved;
- Collects data required for the preparation of financial statements by using existing reporting tools as well as introducing new methods and tools to improve efficiency and reliability of financial reporting;
- Supports the Chief Accountant in all audit-related matters;
- Acts as an approving officer for payment requests;
- Supports the development of new or update of existing accounting policies and procedures;
- Performs any other duties in the area of competence as required for the proper functioning of the office.

Competencies:

Applying Professional Expertise: Demonstrates expertise of subject matter and the transferable skills required for the function; Shows the capacity to apply knowledge to deliver results based on acquired background and experience; Seeks opportunities to apply own technical skills across related disciplines, Keeps abreast of new developments and technologies in the field of expertise, Actively seeks to expand the existing level of job knowledge and expertise.

Being Accountable: Uses UN funds, assets and resources responsibly, effectively and efficiently; takes ownership of own work plan, honors commitments and acknowledges responsibility for any failure in planning or delivering work; respects and operates in compliance with the UN regulations and rules; ensures that own work and contributions to the team are complete, accurate and of the highest quality; takes corrective action to address issues that compromise compliance or delivery.

Delivering results: Conducts a critical analysis of situations to develop sound goals and work plans; Consults with others to develop integrated, consistent and harmonized plans; Allocates and uses time efficiently, and monitors own performance against timelines and milestones; Foresees risks, plans for contingencies, and adapts to take account of changing circumstances; Perseveres to deliver projects and pursues results despite obstacles and setbacks; Manages competing demands and focuses on priorities to deliver results.

Your qualifications

Educational Background:

Required: Advanced university degree (Master's degree or equivalent) degree in accounting, finance, economics, business/public administration, mathematics, or related area. A first-level university degree in combination with two additional years of qualifying experience may be accepted in lieu of the advanced university degree.

Certificate as Public Accountant (CPA), Chartered Accountant (CA) or equivalent is an asset.

Experience:

Required: At least two (2) years of relevant professional working experience in accounting, finance, budget, or related area in an international environment with IPSAS/IFRS is required.
