

**Existing MRV arrangements: reporting information on mitigation under the Convention and the Kyoto Protocol  
(Ver 05/11/2017)**

Heading/ Subheadings	Annex I Parties/ developed country Parties (under Convention and KP)	Non-Annex I Parties/ developing country Parties (Convention)
<b>1. Mandate</b>	<p><b>Convention:</b> Articles 4.1 and 12.1 of the Convention; relevant decisions of the COP (e.g. decisions 4/CP.5 and 2/CP.17)</p> <p><b>KP:</b> Articles 5 and 7 of the KP; Relevant decisions of the CMP (e.g. 15/CMP.1)</p>	<p>Articles 4.1 and 12.1 of the Convention</p> <p>Relevant decisions of the COP (e.g. decisions 17/CP.8 and 2/CP.17)</p>
<b>2. GHG emission limitation/reduction targets</b>	<p><b>BR and CTF:</b> Description of quantified economy-wide emission reduction targets (QEERT) by 2020, including any conditions or assumptions that are relevant to the attainment of that target (base year, gases and sectors covered, GWP, use of units from LULUCF and international market-based mechanisms, other information including accounting rules)</p> <p><b>KP:</b> KP quantified emissions limitation or reduction commitment (QELRC(s) for KP Parties</p>	NA

Heading/ Subheadings	Annex I Parties/ developed country Parties (under Convention and KP)	Non-Annex I Parties/ developing country Parties (Convention)
3. Mitigation actions	<p><b>NC and BR/ BR-CTF:</b> Mitigation actions/ policy and measure by sector and by gas; including the following:</p> <ul style="list-style-type: none"> <li>- Name and description of the policy or measure;</li> <li>- Objectives of the policy or measure;</li> <li>- The GHG or gases affected;</li> <li>- Type or types of policy or measure;</li> <li>- Status of implementation;</li> <li>- Implementing entity or entities;</li> <li>- Quantitative effects of mitigation actions;</li> <li>- How policies and measures are modifying long-term GHG trend</li> </ul> <p><b>KP:</b> Policies and measures in accordance with Article 2 of KP</p>	<p><b>NC:</b></p> <ul style="list-style-type: none"> <li>- General information on the description of steps taken or envisaged for formulating, implementing, publishing, and regularly updating national and where appropriate, regional programmes containing measures to mitigate climate change</li> <li>- Information on programmes and measures implemented or planned which contribute to mitigating climate change</li> <li>- Relevant information by key sectors on methodologies, scenarios, results, measures and institutional arrangements</li> </ul> <p><b>BUR:</b></p> <ul style="list-style-type: none"> <li>- Name and description of the mitigation action, including information on the nature of the action, coverage (i.e. sectors and gases), quantitative goals and progress indicators;</li> <li>- Methodologies and assumptions;</li> <li>- Objectives of the action and steps taken or envisaged to achieve actions;</li> <li>- Progress of implementation of the mitigation actions and underlying steps taken or envisaged; results achieved: estimated outcomes (metrics depending on type of action) and estimated emission reductions, to the extent possible</li> </ul>

Heading/ Subheadings	Annex I Parties/ developed country Parties (under Convention and KP)	Non-Annex I Parties/ developing country Parties (Convention)
4. GHG projections	<p><b>NC and BR/ BR CTF:</b></p> <ul style="list-style-type: none"> <li>- “With measures” GHG projections, aggregated by sector and by gas, with starting point and agreed GWP values;</li> <li>- Quantitative basis in tabular format</li> <li>- Updated projections for 2020 and 2030;</li> <li>- Status of reporting on projections</li> <li>- Estimated and expected total effects of policies and measures;</li> <li>- Methodologies, including key underlying assumptions and sensitivity analyses</li> </ul>	NA
5. Use of LULUCF and markets	<p><b>NC and BR/ BR-CTF:</b> Estimates of emission reductions and removals from the use of the units from LULUCF and market-based mechanisms;</p> <p><b>KP:</b> Complementarity relating to mechanisms pursuant to Article 6. 12 and 17 under the KP</p>	<b>BUR:</b> Information on international market mechanisms
6. Institutional arrangements	<p><b>NC and BR:</b> Description of domestic institutional arrangements, including institutional, legal, administrative and procedural arrangements used for domestic compliance, monitoring, reporting, archiving of information and evaluation of the progress towards its economy-wide emission reduction target</p> <p><b>KP:</b> National system, national registry and legislative arrangements and enforcement and administrative procedures under the KP</p>	<p><b>BUR:</b></p> <ul style="list-style-type: none"> <li>- Description of domestic measurement, reporting and verification arrangements;</li> </ul>
7. Other information	<p><b>KP:</b></p> <p>Detailed information on the assessment of the economic and social consequences of response measures/ minimization of adverse impacts under Article 3.14 of the KP</p>	NA
