Technical support and guidance from the Adaptation Committee to promote the implementation of enhanced action on adaptation

3rd Meeting of the Durban Forum on Capacity Building

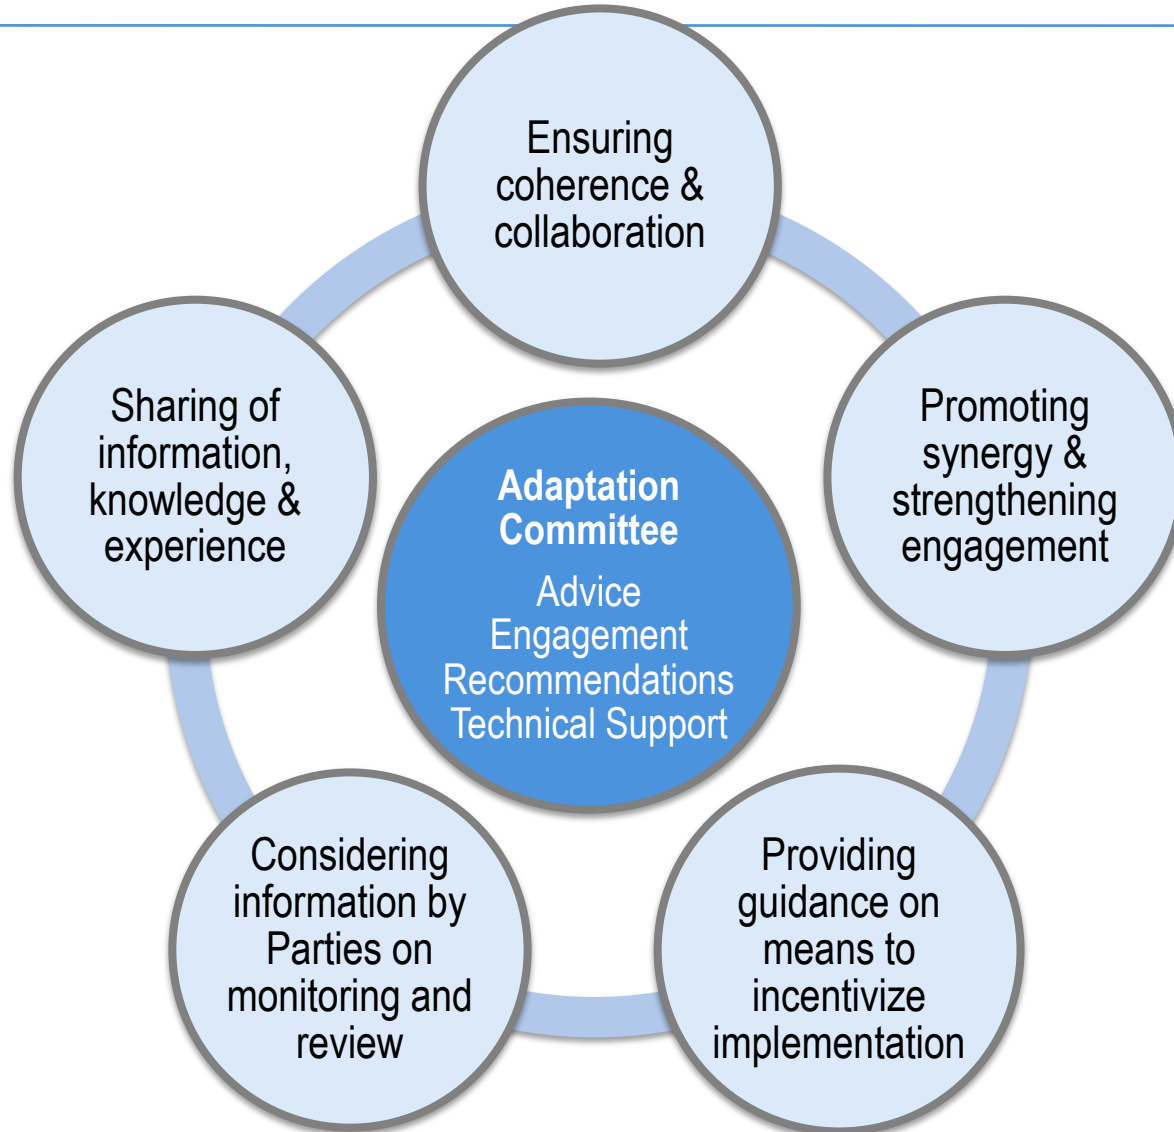

Presentation by Sumaya Ahmed Zakieldean, AC Member

Bonn, Germany

13 June 2014

What is the Adaptation Committee?

Focus on AC work on Capacity Building

Work within its current work plan includes:

- **Mapping of support from UN agencies and regional institutions** supporting adaptation in developing countries
 - Submissions and information paper on “Roles of regional institutions and UN agencies in supporting enhanced adaptation actions in developing countries”
 - On-line list of regional centres and networks working on adaptation unfccc.int/8199
- **AC ad hoc group on technical support** to build on that mapping exercise to identify gaps, needs and opportunities for strengthening support for adaptation in developing countries
- **Special event Friday 6th June** “Promoting synergy and strengthening engagement with national, regional and international organizations, centres and networks”
- **Task force on NAPs** to continuously look at issues related to NAPs

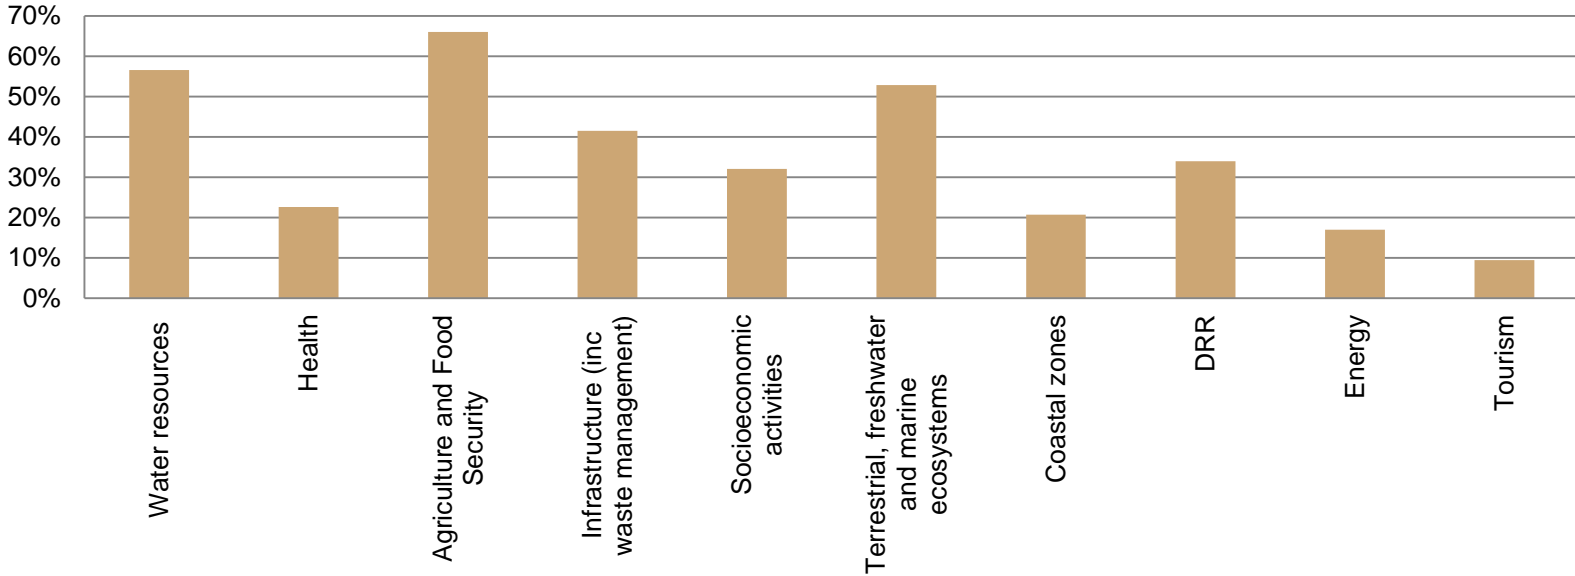

Some findings from mapping and analysis of support from UN agencies and regional institutions on adaptation

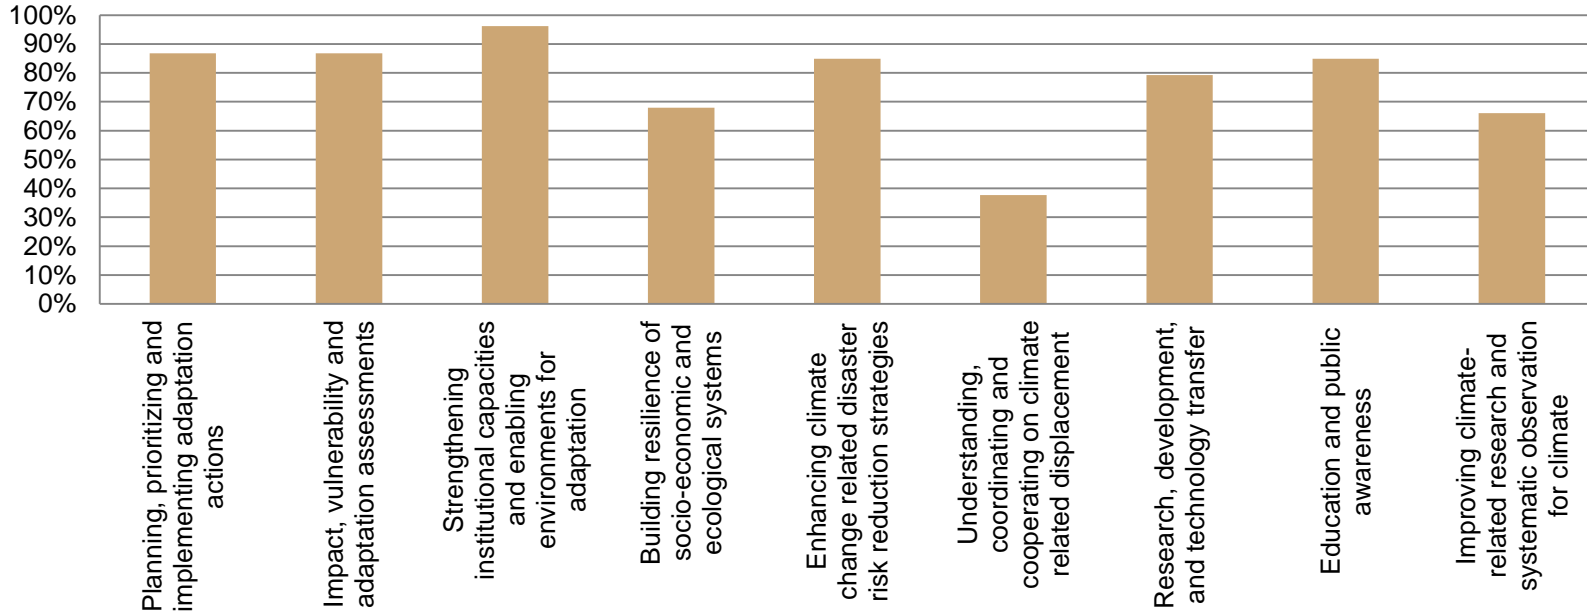

- 153 organizations contacted, 37% responded
- Organizations are working in: **Africa 72%**; **Asia 68%**, **Americas 57%**, **Oceania 43%**, Europe 32%, as well as **LDCs 83%** and **SIDS 38%**
- Main benefactors are national governments and communities.
- Main participants are national governments.
- **87% organizations are promoting capacity building for adaptation (at the individual level and/or the institutional level)**
- 17% organizations mentioned involvement in some capacity with the NAPs
- 42% organizations supporting technology transfer
- 26% organizations mentioned the use of M&E for assessing progress
- 42% organizations mentioned awareness of gender sensitivity

Percentage of organizations working in different sectors

Percentage of organizations providing each category of support under CAF

Focus on AC work with UN agencies and Regional Centres

Future work

All organisations wish to continue working with the AC

AC to continue to build coherence including identifying recommendations for strengthening the role of regional institutions and UN agencies

Specific activities include:

- Report from special event
- Analytical paper “Technical support for adaptation by regional institutions and UN agencies” (2014)
- Thematic report on national planning (2014)
- Workshops on
 - Means of implementation of adaptation action (2015)
 - Promoting livelihoods and economic diversification (2015)

Thank you
