

7th meeting of the Adaptation Committee

Agenda item 7 (a)

Work of the ad-hoc group on technical support

Report from the breakout group

Bonn, Germany, 24-27 February

Margaret Mukahanana Sangarwe, Adaptation Committee member

I: Background and context

- ❖ *The AC requested submissions from regional institutions and UN agencies in supporting enhanced adaptation actions in developing countries.*
- ❖ *AC considered a synthesis of this information at AC5 and an analysis of the information at AC6.*
- ❖ *AC 7 considered an options paper on modalities to strategically strengthen the provision of technical support to developing countries for activities related to adaptation*

Possible next steps:

- ❖ **Technical Support Group to determine whether the information received is adequate and sufficient.**
- ❖ **If not, Technical Support Group to determine if there is a need to call for more specific submissions.**
- ❖ **Technical Support Group to determine if it has identified any gaps.**
- ❖ **Technical Support Group to then develop modalities to address those gaps, including, for example, partnership platforms with organizations to catalyze and bring coherence to the technical support provided by organizations; South-South cooperation).**
- ❖ **Technical Support Group and AC to consider if information should be requested from Parties, on what gaps exist in technical support for adaptation activities from organizations.**
