

**Report back from the breakout group
on the workshop of means of implementation**

Presentation by Sumaya Zakieldean

Sixth meeting of the Adaptation Committee

29 September to 1 October 2014

Bonn, Germany

Proposed focus areas of the workshop

The workshop should seek to

- 1) Enhance understanding of what adaptation finance is (current and future landscape);
- 2) Identify whether and how it has been effective and how its effectiveness can be enhanced (explore success and failure, including through case studies, e.g. on mainstreaming).

Related to both focus areas, the following should be considered:

- a) Role of national institutional arrangements;
- b) Access to finance;
- c) Role of the private sector;
- d) Link to NAPs.

Timeline and next steps

Timeline:

Q1, 2015

Next steps:

Based on the suggested focus areas and considerations AC co-chairs will formulate concrete framing questions for the workshop.
