Dear *Ms. Patricia,*

BRUNEI DARUSSALAM'S NATIONALLY DETERMINED CONTRIBUTION

In accordance with Decision 1/CP.21 of the Conference of the Parties to the United Framework Convention on Climate Change (UNFCCC), Brunei Darussalam is pleased to communicate its Nationally Determined Contribution (NDC) as attached herewith.

In Brunei Darussalam's NDC, we have made ambitious commitment to reduce 20% of our greenhouse gas emissions relative to business-as-usual levels by 2030. To achieve this target, we have set forth ambitious strategies through our Brunei Darussalam National Climate Change Policy to pave for Brunei Darussalam's low-carbon and climate resilient nation pathways for a sustainable nation.

At this opportunity, I must highlight the challenges posed by restrictions related to the COVID-19 pandemic in the preparation of our NDC. In this regard, the NDC may be updated should there be better findings from further assessments.

I would like to take this opportunity to wish you good health, a very happy new year and please accept the assurances of my highest consideration. Thank you.

Sincerely,

[DATO SERI SETIA Ir. AWANG HAJI SUHAIMI BIN HAJI GAFAR]
Minister of Development
