SUBMISSION OF 2021 REPORT OF THE UPDATED NATIONALLY DETERMINED CONTRIBUTION

Nigeria is pleased to submit its final 2021 updated Nationally Determined Contribution (NDC) to the United Nation Framework Convention on Climate Change (UNFCCC) to replace the interim updated NDC that was submitted on 27th May, 2021.

2. Nigeria has raised its ambition in this updated NDC by including emission reduction from the waste sector for the first time, and increasing its conditional contribution. Hence, this updated NDC has an unconditional contribution of 20% below Business-as-Usual by 2030 and 47% contribution conditional on international support.

3. In the meantime, the Federal Government of Nigeria reaffirms its commitment to the UNFCCC and the Paris Agreement on Climate Change and its objectives.

4. Please, accept the assurances of the Honourable Minister's best regards.
