Outcome of the LCA	<p>-/CP.18, paras. 55–57</p> <p>- The COP, SBs and other bodies under the Convention to continue their work to enhance action on adaptation under the Convention, as provided for in the CAF and relevant decisions of the COP</p> <p>- The COP to give consideration to issues relating to the coherence of the action of and the support provided to, developing country Parties, the engagement and role of regional centres and networks, and the promotion of livelihood and economic diversification to build resilience in the context of planning, prioritizing and implementing adaptation actions</p> <p>- The AC to consider the establishment of an annual adaptation forum, to be held in conjunction with the sessions of the COP, to maintain a high profile for adaptation under the Convention, to raise awareness and ambition with regard to adaptation actions and to facilitate enhanced coherence of adaptation actions</p>				-/CP.18, para. 65 Developed country Parties were called on to channel a substantive share of public funds to adaptation activities.			
LEG	<p><b>Adaptation Committee</b> to consider the establishment of an annual adaptation forum, <b>to be held in conjunction with the sessions of the Conference of the Parties, to maintain a high profile for adaptation under the Convention, to raise awareness and ambition with regard to adaptation actions and to facilitate enhanced coherence of adaptation actions;</b></p>	<p>- 6/CP.16, para 5: The LEG to engage a wide range of organizations to support the implementation of its work programme</p> <p>- FCCC/SBI/2012/15 para 123: The LEG to enhance collaboration with relevant organizations, agencies and regional centres in carrying out activities under its work programme, as appropriate</p> <p>- WP of LEG Objective 1: Profile LDCs with respect to addressing adaptation through mechanisms under the Convention and other external processes</p> <p>- Objective 7: -Identify and leverage national and regional centres and institutions that offer services at the local levels in LDCs such</p>	<p>- 5/CP.17, para 13: The LEG to provide technical guidance and support to the NAP process</p> <p>- para 15: The LEG to prepare NAP technical guidelines</p> <p>- para 16: The LEG to identify support needs for the NAPs</p> <p>SBI/2012/L.35, paras. 10-11: The LEG to submit its views on the ways it could further support LDCs to prepare their NAPs for consideration by SBI 38. LEG to organize an LDC NAP event in conjunction with the SBI 38.</p>	<p>- 6/CP.16, para 1: The LEG to continue support to LDCs on NAPAs</p> <p>- para 2: The LEG to provide technical guidance and advice on: revision and update of NAPAs; gender, vulnerable communities; and the LDC work programme</p> <p>- WP of LEG Objective 4: - Explore modalities for NAPA adaptation projects to support national data collection and analysis, in conjunction with dialogue with the GEF and agencies and with NAPA Teams</p> <p>- Revise the LEG technical paper on promotion of regional synergy in the implementation of NAPAs and include consideration of other elements of the LDC WP</p>		- 6/CP.16, para 2: The LEG to provide technical guidance and advice to LDCs on the implementation of the LDC WP, that includes development and transfer of technology, particularly adaptation technology	<p>WP of LEG Objective 1: - Conduct regional training and workshops to share information and to develop/enhance human capacity of LDCs for the NAP process, in close collaboration with relevant agencies and regional centres</p> <p>- Objective 2: -Support implementation of NAPAs. Activities: - Conduct regional training workshops in order to: Facilitate application of new approaches, address access of funds from the LDC Fund; guide revision and update of NAPAs; introduce considerations for medium and long-term adaptation; and serve as a platform for exchanging best practices and lessons learned</p>	<p>- FCCC/SBI/2010/27, para 101: The LEG to keep the SBI informed of the efforts of the group in implementing its work programme over the period 2011–2015</p> <p>- 5/CP.17, para 34: The LEG, the AC and other relevant bodies under the Convention to include information in their reports on how they have responded to the requests made in this decision and on their activities relevant to the national adaptation plan process, as per their respective mandates</p>

Mapping element Body, process or work programme	Coherence under the Convention	Coherence outside the Convention	Technical support to the national adaptation plans (NAPs)	Technical support to other adaptation work streams	Finance	Technology	Capacity building	Reporting under the Convention
		as training and capacity-building, taking into account existing linkages with other local institutions					<ul style="list-style-type: none"> <li>- Objective 6: Outreach on the NAPA and on the work of the LEG (including knowledge capture, management and dissemination)</li> <li>- disseminate best practices and lessons learned</li> <li>- exchanging experiences and information</li> <li>- training</li> </ul>	
NWP	<p>- 6/CP.17, para. 1: SBSTA 38 to reconsider the work areas of the NWP and make recommendations to the COP 19. This process to further inform the organization of potential future areas of work that could also support the scientific and technical work under the CAF, as appropriate.</p> <p>- para. 6: SBSTA 39 to consider information and advice on the scientific, technical and socio-economic aspects of impacts, vulnerability and adaptation to climate change arising from the implementation of the NWP for consideration by other relevant bodies under the Convention</p>	<p><i>Ongoing:</i></p> <ul style="list-style-type: none"> <li>- Annual Focal Point Forum during COP to facilitate information exchange and collaboration between partner organizations and Parties</li> <li>- Engagement of organizations; information exchange and dissemination; collaboration between Parties and partner orgs. on the work areas of the NWP, including through action pledges, and engagement and collaboration in workshops, meetings and knowledge products</li> </ul> <p>- <i>NWP work areas:</i></p> <ul style="list-style-type: none"> <li>-Collecting, analysing and disseminating information on past and current practical adaptation actions and measures, including projects, short- and long-term strategies, and local and indigenous knowledge. This will be done through facilitating communication and cooperation between stakeholders.</li> <li>-Promoting research on adaptation options</li> </ul> <p>- <i>SBSTA/2012/2 para 13:</i> The secretariat to continue enhancing the outreach of the NWP</p>		<p><i>Objective:</i></p> <ul style="list-style-type: none"> <li>- To assist all Parties, in particular developing countries, including LDCs and SIDS, to improve their understanding and assessment of IVA;</li> <li>- To assist all Parties to make informed decisions on adaptation actions</li> </ul> <p>- <i>6/CP.17, para. 4b:</i> Technical workshop on ecosystem-based approaches before SBSTA 38</p> <p>- <i>NWP work areas:</i></p> <ul style="list-style-type: none"> <li>-Developing and disseminating methodologies and tools for impact and vulnerability assessments and adaptation planning.</li> <li>-Improving collection, management, exchange, access to and use of observational data and other relevant information on current and historical climate variability and change.</li> <li>-Promoting the development of, access to, and use of information and data on projected climate change</li> </ul>		<p>- <i>NWP work area:</i> Promoting the development and diffusion of technologies, know-how, and practices for adaptation, addressing identified adaptation priorities and building on lessons learned from current adaptation projects and strategies</p>	<p>- <i>NWP work areas:</i></p> <ul style="list-style-type: none"> <li>-Promoting understanding of impacts and vulnerability, emphasizing current and future climate variability and extreme events, and the implications for sustainable development.</li> <li>-Improving knowledge of the socio-economic aspects of climate change and promoting the integration of socio-economic information into impact and vulnerability assessments.</li> <li>-Promoting understanding and the development and dissemination of ways to increase economic resilience and decrease reliance on vulnerable economic sectors</li> </ul>	<p>- 6/CP.17, para. 1: SBSTA 39 to consider relevant information and advice on the scientific, technical and socio-economic aspects of impacts, vulnerability and adaptation to climate change arising from the implementation of the NWP for consideration by other relevant bodies under the Convention. SBSTA to make recommendations to COP 19</p>
NAP process	- 5/CP.17, para 6: The COP adopted initial	- 5/CP.17, para 18: National and regional centres	- 1/CP.16, para 15: A process established to	- 5/CP.17, para 29: Developing country Parties that	- 1/CP.16, para 18: Developed country Parties	- 1/CP.16, para 18: Developed country Parties	- 1/CP.16, para 18: Developed country Parties to	- 5/CP.17, para 32: Parties to provide information,

		support to LDCs			The GEF, through the SCCF, to consider how to enable activities for the preparation of the NAP process for interested developing country Parties that are not LDCs			
Work programme on loss and damage	<p><i>-/CP.18, para. 5:</i> The role of the Convention in promoting the implementation of approaches to L&amp;D includes:</p> <ul style="list-style-type: none"> <li>- Enhancing knowledge and understanding of comprehensive risk management approaches to address L&amp;D, including slow onset impacts</li> <li>- Strengthening dialogue, coordination, coherence and synergies among relevant stakeholders</li> <li>- Enhancing action and support, including finance, technology and capacity-building, to address L&amp;D</li> </ul> <p><i>- Para.9</i> COP 19 to establish institutional arrangements, such as an international mechanism, including functions and modalities, elaborated in accordance with the role of the Convention as defined above, to address L&amp;D</p>	<p><i>- 7/CP.17 para 3:</i> Parties, relevant intergovernmental organizations, regional centres and networks, the private sector, civil society and other relevant stakeholders to share the outcomes of their activities and provide information thereon, including lessons learned and good practices from the implementation of existing risk assessment and risk management options, with the SBI at its subsequent sessions, as appropriate</p> <p><i>- FCCC/SBI/2011/7, para. 107:</i> SBI reaffirmed the need to strengthen international cooperation and expertise in order to understand and reduce L&amp;D, including impacts related to extreme weather events and slow onset events</p> <p><i>-/CP.18, para.4:</i> The COP agreed that comprehensive, inclusive and strategic responses are needed to address L&amp;D</p>		<p><i>- para 153:</i> The SBI recalled the objective of the work programme is to consider approaches to address loss and damage associated with the adverse effects of climate change, and appreciated the need to explore a range of approaches and potential mechanisms, including an international mechanism, to address loss and damage associated with the adverse effects of climate change</p>	<p><i>-/CP.18, para. 8:</i> Developed country Parties to provide developing country Parties with finance, technology and capacity-building, in accordance with decision 1/CP.16 and other relevant decisions of the COP</p>	<p><i>-/CP.18, para. 8:</i> Developed country Parties to provide developing country Parties with finance, technology and capacity-building, in accordance with decision 1/CP.16 and other relevant decisions of the COP</p>	<p><i>- FCCC/SBI/2012/15 para 150:</i> The SBI noted a number of points relevant to assessing the risk of L&amp;D including:</p> <ul style="list-style-type: none"> <li>- A range of approaches, methods and tools is available to assess the risk of L&amp;D. The selection of appropriate approaches, methods and tools depends upon regional, national and local capacity, contexts and circumstances and involves the engagement of all relevant stakeholders</li> <li>- Enhanced technical and institutional capacities supported by technical and financial assistance and other resources will help developing countries to continue to determine, prioritize and address their needs in assessing the risk of L&amp;D</li> </ul> <p><i>-/CP.18, para. 8:</i> Developed country Parties to provide developing country Parties with finance, technology and capacity-building, in accordance with decision 1/CP.16 and other relevant decisions of the COP</p>	
RSO	<p><i>- FCCC/SBSTA/2011/2, para. 52:</i> The SBSTA emphasized the need to further enhance the relevance of the research dialogue and linkages with other activities under the UNFCCC process. SBSTA invited the research programmes and organizations to continue to provide information on developments in research activities relevant to the needs of the Convention. (also FCCC/SBSTA/2011/5,</p>	<p><i>- FCCC/SBSTA/2011/2, para. 51:</i> The SBSTA emphasized the need for improved communication and interaction between the scientific community and users of climate information in order to support adaptation and mitigation planning and activities</p>		<p><i>- FCCC/SBSTA/2010/13, para 40:</i> The GCOS implementation plan provides an assessment of requirements for climate-related observations with enhanced focus on adaptation, i.e. identification of needs for vulnerability assessments and adaptation</p> <p><i>- Para 42:</i> Parties encouraged increasing GCOS-related implementation in national and regional activities (e.g. regional centres) and those undertaken in</p>			<p><i>- FCCC/SBSTA/2011/2, para. 48:</i> The SBSTA noted that the research Dialogue between Parties and research programmes and organizations contributes to an enhanced communication between the science and policy communities, and to an enhanced consideration and understanding by Parties of emerging scientific findings and related issues on communication and research-</p>	<p><i>FCCC/SBSTA/2012/L.25</i> <i>- Para.2:</i> GCOS Steering Committee and secretariat to prepare by early 2015 a third report on the adequacy of the global observing systems for climate and, by 2016, a new implementation plan for the global observing system for climate, which would, inter alia, support the Convention.</p> <p><i>- Para.6:</i> CEOS to provide, by SBSTA 41,</p>

<i>Mapping element</i> <i>Body, process or work programme</i>	<i>Coherence under the Convention</i>	<i>Coherence outside the Convention</i>	<i>Technical support to the national adaptation plans (NAPs)</i>	<i>Technical support to other adaptation work streams</i>	<i>Finance</i>	<i>Technology</i>	<i>Capacity building</i>	<i>Reporting under the Convention</i>
	para.40)  - <i>FCCC/SBSTA/2009/3, para 53</i> : Parties and research programmes to enhance research capacity, in particular those in support of adaptation efforts, e.g. under the NWP			the context of adaptation			related capacity-building in developing countries and other issues addressed under the research dialogue. (taking place annually during the SB sessions in May/June)  - <i>16/CP.17</i> : Parties to utilize research dialogue as a forum for discussing needs for climate change research and research-related capacity building	an updated report on progress made by space agencies providing global observations in their coordinated response to relevant needs of the Convention
CGE	- <i>SBI/2012/28 para 28</i> : Overall, the successful implementation of the work programme enabled the CGE to cooperate with other expert groups under the Convention, the NCSP and the IPCC			- <i>SBI/2012/28 para 28</i> : Overall, the successful implementation of the work programme enabled the CGE to Provide technical advice to non-Annex I Parties to facilitate the development and long-term sustainability of processes, and the establishment and maintenance of national technical teams, for the preparation of national communications, including GHG inventories, on a continuous basis			- <i>5/CP.15</i> - Primary mandate of the CGE is to provide technical advice and support to non-Annex I Parties with a view to improving the process of and preparation of their national communication  - <i>CP.18, paras. 1 and 2</i> : The term of the CGE is extended by one year. The CGE to develop a work programme at its first meeting in 2013	- <i>5/CP.15</i> : Primary mandate of the CGE is to provide technical advice and support to non-Annex I Parties with a view to improving the process of and preparation of their national communication  - <i>para 38</i> : The SBI recognized that the CGE could also play an important role in facilitating technical advice and support for the preparation and submission of the first biennial update report
DTT			- <i>FCCC/SBSTA/2011/5 para 28</i> : The SBSTA welcomed the experiences gained and lessons learned from the TNA process and encouraged Parties to take these into account in the preparation of their nationally appropriate mitigation actions, national adaptation plans, low-carbon development strategies and technology road maps or action plans	- <i>FCCC/SBSTA/2011/5 para 28</i> : The SBSTA welcomed the experiences gained and lessons learned from the TNA process and encouraged Parties to take these into account in the preparation of their nationally appropriate mitigation actions, national adaptation plans, low-carbon development strategies and technology road maps or action plans		- <i>FCCC/SBI/2011/7, para. 136</i> : The SBI noted the importance of projects on technologies for adaptation, including on the development and strengthening of local knowledge The GEF, Parties and relevant organizations to provide financial support for project proposals related to technologies for adaptation		
TEC	- <i>4/CP.17, annex I</i> : The TEC to take advantage of possible institutional interfaces established with other constituted bodies under the Convention. Relevant stakeholders (Parties, COP, other relevant bodies/entities, operating entities of the financial mechanism, individual entities) to be	- <i>1/CP.16, para. 121</i> : The TEC to seek cooperation with relevant international technology initiatives, stakeholders and organizations, and promote coherence and cooperation across technology activities, including activities under and outside of the Convention; Promote and facilitate		- <i>1/CP.16, para. 121</i> : The TEC to consider and recommend actions to promote DTT in order to accelerate action on mitigation and adaptation; Recommend guidance on policies and programme priorities related to DTT with special consideration given to LDCs; Recommend actions to address the barriers to DTT in order to enable enhanced		- <i>1/CP.16, para. 121</i> : The TEC to provide an overview of technological needs and analysis of policy and technical issues related to DTT for mitigation and adaptation  <i>TEC WP</i> The TEC to:  - Prepare an inventory of		- <i>1/CP.16, para 126</i> : The TEC and the CTCN to report, on an interim basis and without prejudice to the relationship between the TEC and the CTCN ... to the COP, through the subsidiary bodies, on their respective activities and the performance of their respective functions
