

Section H, Paragraphs 136, 138, 140¹

Version of 2 June 2015 at 18:00

Output of facilitated meeting

Consolidation of paragraph 136 (f) ii:

136 (f) ii. [[Using] [Establishing] the INDC preparation and measurement, reporting and verification (MRV) processes of capacity-building support against needs identified by Parties, such that capacity is not a barrier to implementation beyond 2020].

Observations:

- Parties agreed not to consolidate sub-paragraphs 136 (f) v, (g) and (h).
- One Party noted that Options (a), (b) and (c) do not belong under sub-paragraph 136 (h) and should be moved to an appropriate place.

Consolidation of paragraph 138 Options 1 and 3:

138. **Option 1:** [The [developed country Parties] [Parties] [Annex I Parties] [Parties included in annex X] and other Parties in a position to do so] [All countries in a position to do so] [should] [shall] [cooperate to] enhance the capacity of [developing countries] [developing country Parties] [Parties not included in annex X] to support the implementation of their [nationally determined] [contributions under this agreement][climate change actions] on the basis of the principles and provisions of the Convention [and other Parties in a position to do so to cooperate to enhance the capacity of [developing country Parties][Parties not included in annex X] in all areas of climate change action, to support the implementation of their [commitments][contributions] under this agreement and to foster South–South and triangular cooperation schemes]. [Such enhancement of capacity may provide important and relevant guidance to developing country Parties, but shall not interfere with the nature, scope or substance of developing country Parties’ nationally determined contributions];]

Observation:

- Parties agreed that Options 2 and 4 remain unchanged.

Consolidation of paragraph 140.2 Options (a)-(c):

140.2. **Option (a):** The international capacity-building mechanism shall comprise:

- a. A capacity-building committee with the following functions:
 - i. MRV of support received for capacity-building against needs identified by [developing country Parties][Parties not included in annex X];
 - ii. Facilitation of the effective implementation of capacity-building interventions at the national and regional levels;
 - iii. Provision of normative guidance on capacity-building related issues concerning this agreement to inform other institutions and mechanisms established under the Convention serving this agreement;
 - iv. Promotion of coherence between relevant institutions and mechanisms established under the Convention and this agreement;

¹ Sections and paragraphs refer to those in document FCCC/ADP/2015/1.

- v. Facilitation for developing country Parties of elaborating plans and strategies for achieving climate resilience and sustainable development trajectories in accordance with their national priorities and legislation.
- b. An evaluation mechanism with the function:
 - i. To assess the effectiveness of the delivery of capacity-building.
- c. Regional capacity-building centres:
 - i. To facilitate building capacity at the national and regional levels.
- d. An institute for capacity-building to operate as a consortium of tertiary institutions in all major regions of the world:
 - i. To build capacity in [developing countries][Parties not included in annex X] as a means of strengthening the ability and effectiveness of mitigation and adaptation actions.
- e. A capacity-building coordination centre.

The centre's mission will be to stimulate/foster cooperation on capacity-building and to enhance and support capacity-building. In addition, the centre will assist developing countries in areas of capacity-building in accordance with their respective capabilities and national circumstances and priorities.

The centre will have the following functions:

- i. Compilation of information, from relevant sources, including from the comprehensive review and the outcomes of the Durban Forum on capacity-building;
- ii. Analysis of information pertaining to capacity-building to identify, inter alia, gaps and needs and other relevant trends;
- iii. Development and dissemination of tools and methodologies for the enhanced delivery of capacity-building;
- iv. Development of tools for MRV of capacity-building;
- v. Matching of identified capacity needs with possible sources of capacity-building support from governments, the private sector, intergovernmental organizations, academic institutions and non-governmental organizations;
- vi. Close collaboration with other relevant bodies and processes under the Convention, including, but not limited to, the CTCN and the Adaptation Committee;
- vii. Close collaboration with other intergovernmental organizations involved in capacity-building.
- f. An advisory body of the centre.

The advisory body of the centre shall give guidance to the centre on how to prioritize and address requests from developing countries and, in general, shall monitor, assess and evaluate the performance of the centre.
- g. A network of regional centres, academic institutions, private and public sector bodies and NGOs interested and involved in climate change capacity-building.

Option (b): The international capacity-building mechanism shall, inter alia:

- i. Assess support received for capacity-building against needs identified by developing country Parties;
- ii. Facilitate the effective implementation of capacity-building actions at the national and regional levels;
- iii. Promote coherence between existing institutions and mechanisms established under the Convention and this mechanism;
- iv. Assess the effectiveness of the delivery of capacity-building support;
- v. Facilitate building capacity at the national and regional levels.]

Observation:

- One group of Parties commended the flexibility shown by Parties in combining options beyond consolidation and encouraged Parties to show the same flexibility in discussing other sections.
