

## **Report back agenda item 5: 2016 biennial assessment and overview of climate finance flows**

- The SCF had rich discussions on the first order draft of the technical report of the 2016 BA and the outline and elements of the summary and recommendations.
- The SCF members noted a number of areas that require further technical discussions.

### **Next steps**

- Technical discussions on the first order draft of the technical report will continue at the second BA technical meeting on 21 July.
  - The SCF is invited to provide written comments on the first order draft and the outline of the summary and recommendations, including views on possible recommendations by 15 August.
  - The technical team will prepare the final draft of the technical report intersessionally.
  - Following comments received from SCF members by 15 August, the BA co-facilitators, with the support of the secretariat, will prepare a draft summary and recommendations intersessionally and circulate it to the SCF for further consideration. The co-facilitators will convene webinars as necessary.
