TOOLS TO TRANSLATE, TRACK AND TRANSFORM:

A dialogue on the transformative implementation of gender-responsive climate solutions

November 15, 15.00 – 17.30

Climate Action Arena, Room Fes (Blue Zone)

During this event, we explore how tools & methods can support governments as they implement their NDCs, NAPs and other climate policies to ensure that 'no one is left behind' in the transition to a low emission, climate resilient future.

15.00 Introduction

Yannick Glemarec, Deputy Director, UN Women

15.10 National Commitments: Work Towards Implementation of Gender-Responsive Climate Policy

Moderator: Prof. Jacqueline McGlade, Chief Scientist, UNEP

Speakers: representatives from **Switzerland, Netherlands, Peru, Morocco, France, Finland, Germany, Sudan and Mali**

16.00 Questions to Governments

16.20 Tools to Translate, Track and Transform

Prachi Rao, WEDO, shares information and plans for monitoring via the #GenderClimate app, as well as key current trends for new research.

Gotelind Alber, GenderCC, presents work on developing gender-responsive urban climate strategies, and introduces GAMMA as a novel methodology for gender assessments.

Jan Corfee-Morlot, OECD-DAC, highlights work on tracking finance flows related to gender and climate change.

17.00 Question & Answer
