

## Proposals for insertion by Liechtenstein

### *Preamble:*

*Recognising* that this agreement shall significantly contribute to the achievement of the "2030 Agenda for Sustainable Development".

### *Transparency:*

We would like to make the text in the transparency section more precise with regard to the situation of small states parties with limited administrative capacities. Therefore, we propose an addition to the following article:

### Article 9.6 (c)

The need to avoid undue burden and duplication, taking into account the particular situation of small States Parties with limited administrative capacities;
