

Like-Minded Developing Countries' Views on Article 6.8

Principles

- Unitary nature of Art.6
- SD is a common thread across Art.6
- SD is nationally prerogative (not to be defined or standardized)
- SD harmony: environmental, social, economic
- SD involves a transition

SD in Art. 6

- Art.6 needs an appropriate approach to SD
- Art.6.8: tools to ensure...
 - SD harmony (environmental, social and economic)
 - Manageable sustainable development transition for all including the recognition of emission avoidance
 - Address negative socio-economic impacts of Art.6 activities
- Link to response measures (Article 4.15)

Broader Considerations

- NMA: adaptation, mitigation and MOI synergies
- Facilitative cooperative instruments for holistic cooperation
- Incorporation of NMA in cooperative efforts
- Registry of needs for NDC implementation via NMA
- Building NMA on existing arrangements
- Information sharing process
