International Institute for Environment and Development

UNFCCC Representation

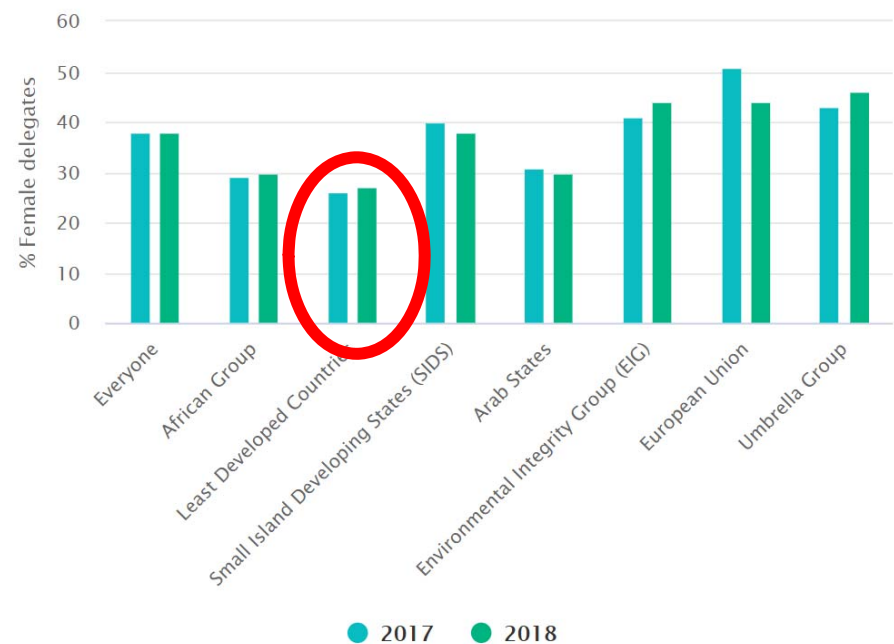

Women represent about 37% of all UNFCCC delegates
 Women account for about 27% of LDC delegates

Female representation in the UN climate negotiations

Female delegates in UNFCCC negotiating blocs

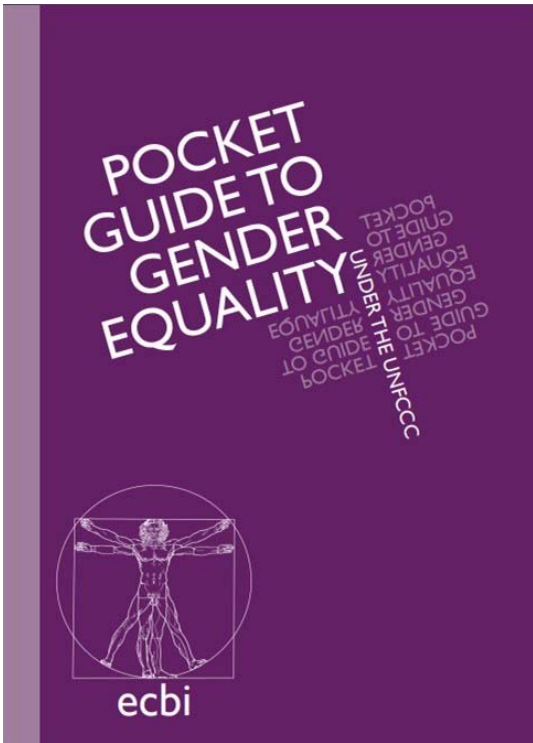

ecbi Training & Support Programme

The fourth phase of the ecbi Training & Support Programme runs from January 2015 to May 2020. It is funded by the German government's [International Climate initiative \(IKI\)](#)

Through it, IIED supports new negotiators from vulnerable developing countries, particularly LDCs, to effectively participate in the UNFCCC negotiations by offering:

- Regional and Pre-COP training workshops
- Publications
- Mentoring for junior women negotiators

Publications

Climate change

How I learnt to make my voice count at the UN climate negotiations

A junior climate negotiator from Laos explains how a recent training workshop gave her the tools to navigate the complex UN climate talks and the skills to push for more positive outcomes for the Least Developed Countries (LDCs) from these crucial international exchanges.

Trainings
