Community of Transformation (CoT)

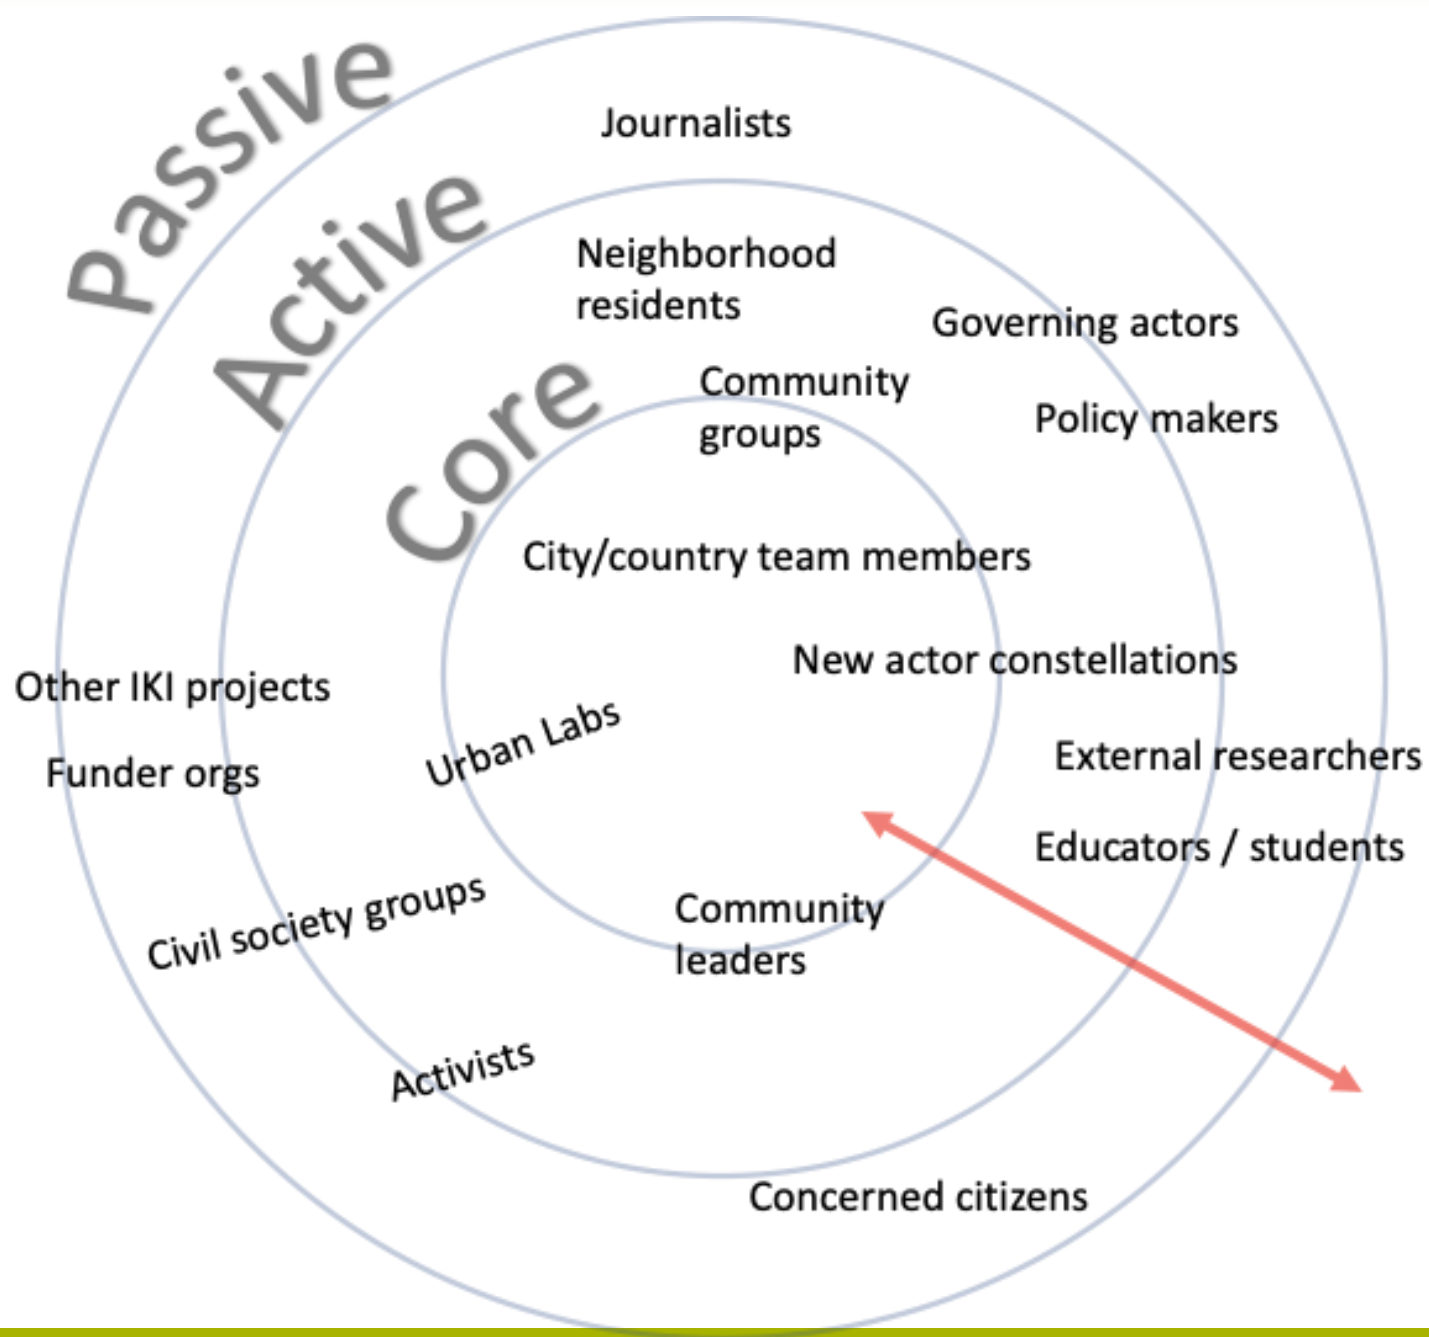

Community of Transformation

A platform for horizontal learning and exchange across the five Urban Labs and involving all consortium partners.

Objectives:

- Understand transformation within the larger project
- Think through the concept and strategy
- Discuss activities and operations
- Identity next steps and priorities

Core
 Conveners/facilitators of activities and discussions, regular contributors of data, knowledge, and resources

Active
 Regular participants in activities, occasional contributors of data, knowledge and resources

Passive
 Interested parties primarily consuming knowledge and communications outputs

*categories of participation are fluid

Potential markers to track-

- Characteristics:
 1. Inclusion and empowerment
 2. Systemic approach
 3. Tackling root causes of vulnerability
 4. Changes at scale
 5. Catalytic impact
 6. Durable outcomes
- Pathways:
 1. Social behaviour change
 2. Innovation
 3. Policy shifts and changes in governance arrangements
