# BUILDING CAPACITY FOR INTEGRATING NDCS IN NATIONAL PLANS, POLICIES, AND RECOVERY STRATEGIES 11<sup>TH</sup> DURBAN FORUM, BONN

ROMEO BERTOLINI  
NDC PARTNERSHIP SUPPORT UNIT

8 JUNE 2022

# THE NDC PARTNERSHIP IS...

... global coalition of countries and institutions collaborating to drive transformative climate action while enhancing sustainable development

# TOGETHER EMPOWERING NDC ACTION

## 119 COUNTRY MEMBERS

# THROUGH A COLLECTIVE RESPONSE

## 48 INSTITUTIONAL MEMBERS

## 36 ASSOCIATE MEMBERS

# PUTTING NDC PRIORITIES AT THE CENTER OF PROGRAMS, POLICIES, AND RECOVERY STRATEGIES THROUGH SUPPORT FOR

- **Whole-of-government** approach: engaging different ministries, local governments, sector-specific agencies

- **Whole-of-society** approach: engaging local actors, private sector, civil society, women, and youth

- **Alignment with NDCs** and LTS and mainstreaming of climate priorities into development plans and recovery strategies

# **ECONOMIC ADVISORY INITIATIVE**

## **BUILDING CAPACITY OF DEVELOPING COUNTRY MEMBERS THROUGH IN-COUNTRY ADVISORY SUPPORT TO**

- **NATIONAL PLANNING AND BUDGETING**
- **PROJECT IDENTIFICATION AND PREPARATION**
- **MOBILIZATION OF CLIMATE FINANCE**

# PUTTING NDC PRIORITIES AT THE CENTER

## THROUGH IN-COUNTRY ECONOMIC ADVISORY SUPPORT

- **Planning and budgeting:** including, trainings on climate-informed recovery strategies and budgets, identifying entry points for green recovery in National Development Plans (NDPs), long-term strategies (LTS), and climate budgeting (e.g., Colombia, Burkina Faso)
- **Project identification and preparation:** including training for the preparation of concept notes, pre-feasibility studies, and other project identification/preparation activities (e.g., St. Lucia, Indonesia)
- **Climate finance:** supporting public and private climate finance access and mobilization, including support for identifying and designing fiscal policies and instruments (e.g., Grenada, A&B)

# CAPACITY BUILDING THROUGH KNOWLEDGE SHARING

**Country to country exchanges and peer-to-peer learning will enhance the knowledge and effectiveness of participants by giving them the opportunity to share lessons learned and good practices. These exchanges will focus on:**

- 1. Integrating climate in recovery packages: what works and what doesn't**
- 2. Recalibrating national budget: from emergency response to economic recovery-challenges and opportunities for climate financing**
- 3. Development of financial instruments and recovery mechanisms: from green bonds to SME financing facility**
- 4. Understanding how climate compatible economic stimulus can promote equity, inclusion and a just transition**

# FOSTERING LEARNING & CAPACITY BUILDING THROUGH THE NDC PARTNERSHIP

Through the **Knowledge Portal**, access to:

## **Climate Toolbox:**

provides tools, platforms, and advisory support from key institutions.

**Climate Finance Explorer:** a database of open climate funds and support for mitigation and adaptation.

Through **Country Engagement:**

**Engage stakeholders** through whole-of-society approaches to NDC update, financing, and implementation

# FINAL REMARKS

- As of 2022, we plan to continue our capacity building and advisory support through our knowledge sharing and ongoing Country Engagement activities
- Several capacity gaps remain unaddressed (e.g., mainstreaming NDCs into sectoral and subnational plans, implementing climate budget tagging, mobilizing and accessing climate finance)
- In response, we launched the new **Partnership Action Fund (PAF)**, making available new support, ready to match a rising demand for capacity building and a diverse set of country needs

# PUTTING NDC PRIORITIES AT THE CENTER OF PROGRAMS, POLICIES, AND RECOVERY STRATEGIES

Through support for:

- whole-of-government approach: engaging different ministries, local governments, sector-specific agencies
- whole-of-society approach: engaging local actors, private sector, civil society, women, and youth
- Alignment with NDCs and LTS and mainstreaming of climate priorities into development plans and recovery strategies

# ENGAGING NON-STATE ACTORS

## SOME EXAMPLES OF WHOLE-OF-SOCIETY ACTION (NDC ENHANCEMENT)

- **Rwanda:** capacity building on how to **unlock private sector investment in the NDC**, e.g., outlining the role of project developers and technology providers in the design of GCF projects and what is needed to further encourage low-carbon technologies to take-off
- **Belize:** initial **assessment of the resources**, including technologies, needed for implementing priority activities,
- **Nigeria:** development of a comprehensive TNA and action plan aimed at conducting a **categorization and prioritization of technologies** that will comply with the NDC (supported by CTCN).

# PANEL DISCUSSION

## Question 1

What are the key capacity needs and gaps to facilitate coherent NDC implementation and planning in developing countries that are aligned with and support a sustainable recovery?

**Juan Casado-Asensio**  
OECD

**Miriam Hinostroza**  
UNEP

**Romeo Bertolini**  
NDC Partnership

**Moustapha Gueye**  
ILO

**Mabel Zúñiga**  
Ministry of Environment  
of Panama

11<sup>th</sup> Durban Forum on Capacity-building: “Capacity-building for integrating NDC implementation into national sustainable recovery plans”

# PANEL DISCUSSION

## Question 2

How can partnerships, consortia, networks, international collaboration, and peer learning help identify best practices for integrating NDCs and sustainable recovery?

**Juan Casado-Asensio**  
OECD

**Miriam Hinostroza**  
UNEP

**Romeo Bertolini**  
NDC Partnership

**Moustapha Gueye**  
ILO

**Mabel Zúñiga**  
Ministry of Environment  
of Panama

11<sup>th</sup> Durban Forum on Capacity-building: “Capacity-building for integrating NDC implementation into national sustainable recovery plans”

# PANEL DISCUSSION

## Question 3

Which targeted policy measures need to be taken to address the capacity needs of disadvantaged and vulnerable groups as part of an inclusive and sustainable transition/recovery from the COVID-19 pandemic?

**Juan Casado-Asensio**  
OECD

**Miriam Hinostroza**  
UNEP

**Romeo Bertolini**  
NDC Partnership

**Moustapha Gueye**  
ILO

**Mabel Zúñiga**  
Ministry of Environment  
of Panama

# BREAKOUT GROUP DISCUSSIONS

## GROUP 1

**Miriam Hinostroza**

“Strengthening capacities for the development of bankable project proposals to mobilize financial resources from international finance mechanisms for implementation of NDCs and National Development Plans.”

## GROUP 3

**Juan Casado-Asensio**

“Building capacity to improve evidence-based public policy by reducing data gaps.”

## GROUP 2

**Mabel Zúñiga**

“Building capacity for increased cross-cutting policy making and greater coordination and integration between different levels of government.”

## GROUP 4

**Moustapha Gueye**

“Building capacity to assess labour market information and anticipate skill needs related to NDC implementation.”

# REPORT - BREAKOUT GROUP DISCUSSIONS
