

An artistic illustration of the Earth from space, showing the continents of Africa, Europe, and Asia. Several concentric, slightly tilted green rings are drawn around the planet, representing orbital paths. Two dashed black lines extend from the top and bottom of the rings, suggesting a perspective or axis. The background is a solid teal color.

Key Focus Areas for Capacity Building

Carbon Transaction Facility, SPAR6C and Beyond

ACTIVITIES AT THE NATIONAL LEVEL

AT THE GLOBAL & REGIONAL LEVEL

Partnerships & Coordination

Knowledge Exchange Mechanisms

Tools & Guidance

1. MOU with UNFCCC, joint work with World Bank and other partners
2. SPAR6C Community of Practice for Article 6 Implementing Countries (CoP-ASIC)
3. Strategic Hub for Article 6 Readiness Exchange (SHARE) project
4. SPAR6C Article 6 Implementation Toolbox

Tailoring initiatives to *people* and *institutions*

CONFIDENCE

Ensuring that countries are equipped to actively engage in the market and thrive in cooperative approaches.

INTERACTIVITY

Innovating with new interactive tools and approaches (e.g. games) designed to boost engagement and enhance knowledge retention.

QUALITY

CB activities designed with outcome-focused, country-specific content. + Training for experts to make for higher quality experiences.

KNOWLEDGE EXCHANGE

Sharing practical, on-the-ground experiences (e.g. recent Rwanda-Ghana study tour), multi-country exchanges on a regional basis (e.g. SPAR6C COP-ASIC, West African Alliance Carbon Market Hub)
