

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Name of the organization	Does your organization have climate-related risk management process?	What were the risks identified*	What were the opportunities identified*
1 Degree/11th Hour Racing	Yes	Extreme weather events impact on sports facilities and disrupt games; Impact on local economies; Others	Innovative technologies; Public awareness; New events and sports; Green jobs
2023 Cycling World Championships	No, we do not currently plan to do so		
Aberdeen Football Club	No, but we plan to do so		
AFL Players' Association	No, but we plan to do so		
AGF Fodbold	No, we do not currently		
ALBA BERLIN Basketball team	No, we do not currently plan to do so		
All England Lawn Tennis Club (Wimbledon)	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Others	Reduced costs
Arsenal Football Club	No, but we plan to do so		
AS Roma SPA	No, but we plan to do so		
AS Saint-Étienne	No, we do not currently		
Ascot Racecourse Ltd	No, but we plan to do so		
Association of National Olympic Committees (ANOC)	No, but we plan to do so within the next two years		
Athletics Kenya	No, but we plan to do so		
ATP Stockholm Open Tennis Tournament	No, but we plan to do so within the next two years		
ATP Tour, Inc. (ATP)	No, but we plan to do so		
Australian Olympic Committee			

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Aviva Stadium	No, but we plan to do so		
Banff Marathon	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Air pollution; Disruptions in the tourism industry; Others	Public awareness; Others
Bank of America Chicago Marathon	Yes	Heat-related illnesses	None
BBC Sports			
Bern Capitals	No, but we plan to do so		
Birmingham County Football Association	No, but we plan to do so within the next two years		
Bohemian F.C.	No, we do not currently		
Bowls Australia Ltd.	No, we do not currently		
Brazil Olympic Committee	No, but we plan to do so		
British Mountaineering Council	No, we do not currently plan to do so		
British Olympic Association	No, we do not currently		
British Triathlon	No, but we plan to do so		
Brynäs IF	No, we do not currently		
Burundi Rugby League-Rugby A XIII	No, but we plan to do so within the next two years		
Canada Games Council	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Lack of consistent snow cover and quality; Impact on local economies; Shift in geographic distribution of events; Changes in winter sports culture; Others	Innovative technologies; Public awareness; Green jobs; Increased revenue; Reduced costs

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Canadian Olympic Committee	No, but we plan to do so within the next two years		
Cape Verde National Olympic Committee	Yes	Air pollution; Others	Innovative technologies; Public awareness; New events and sports; Green jobs
Channel 4	Yes	Others	Others
Chicago Event Management	Yes	Heat-related illnesses	None
Colombian Olympic Committee	No, but we plan to do so within the next two years		
Comité Olímpico Argentino	No, we do not currently		
Comité Olimpico de Portugal	No, we do not currently plan to do so		
Commonwealth Games Scotland	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution	Innovative technologies; Public awareness
Croatian Olympic Committee	No, but we plan to do so within the next two years		
Dansk Automobil Sports Union	Yes	Others	Innovative technologies; Public awareness
Desert Vipers	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Droughts and water scarcity; Impact on local economies; Shift in geographic distribution of events; Others	Innovative technologies; Public awareness; New events and sports; Green jobs; Increased revenue; Reduced costs; Others
Envision Virgin Racing	No, we do not currently		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

European Broadcasting Union (EBU)	No, but we plan to do so within the next two years		
European Network of Outdoor Sports (ENOS)	No, we do not currently plan to do so		
European Olympic Committees	No, but we plan to do so within the next two years		
European Truck Racing Association (ETRA)	No, but we plan to do so within the next two years		
		Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Droughts and water scarcity; Disruptions in the tourism industry; Impact on local economies; Shift in geographic distribution of events	Innovative technologies; Public awareness; New events and sports; Green jobs; Increased revenue; Reduced costs
Extreme E (XE)	Yes		
Extreme International			
FC Köln	No, but we plan to do so		
Federation Internationale de Savate (FISav)	No, but we plan to do so within the next two years		
FIA-federation internationale de l'automobile	No, but we plan to do so within the next two years		
		Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Droughts and water scarcity; Instability of ice and snow; Impact on local economies; Others	Innovative technologies; Public awareness; Green jobs
Finnish Golf Union	Yes		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Finnish Olympic Committee	No, we do not currently		
Fondazione Milano Cortina 2026	No, but we plan to do so within the next two years		
Forest Green Rovers	Yes	Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Droughts and water scarcity; Others	Innovative technologies; Green jobs; Increased revenue; Reduced costs
Formula 1®	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Shift in geographic distribution of events	Innovative technologies; Public awareness; Increased revenue; Reduced costs
Formula E	Yes	Extreme weather events impact on sports facilities and disrupt games; Air pollution; Impact on local economies	Innovative technologies; Public awareness; New events and sports; Green jobs
French Tennis Federation FFT	No, we do not currently plan to do so		
Fuechse Berlin	No, but we plan to do so		
German Football Association (Deutscher Fußball-Bund)	Yes	Heat-related illnesses; Droughts and water scarcity	None
German Ski Federation (Deutscher Skiverband)	No, but we plan to do so within the next two years		
German Ski Instructors Association			
Global Esports Federation	No, we do not currently		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Gloucestershire Cricket	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Others	Innovative technologies; Public awareness; Green jobs; Others
Golden State Warriors of the National Basketball Association	No, but we plan to do so within the next two years		
Golf Saudi	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Droughts and water scarcity; Others	New events and sports; Green jobs; Increased revenue; Others
Grandma's Marathon-Duluth, Inc.	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Disruptions in the tourism industry; Impact on local economies	Public awareness; New events and sports; Increased revenue; Reduced costs
Gunma Crane Thunders	No, we do not currently		
Handball-Bundesliga GmbH	No, but we plan to do so		
Hellenic Basketball Federation	No, but we plan to do so within the next two years		
Hellenic Olympic Committee	No, but we plan to do so within the next two years		
HERO Südtirol Dolomites	Yes	Extreme weather events impact on sports facilities and disrupt games; Disruptions in the tourism industry; Instability of ice and snow; Others	Innovative technologies; Public awareness; New events and sports; Reduced costs; Others

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

		Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Disruptions in the tourism industry; Impact on local economies	Public awareness; Reduced costs
IMG Sports Media Production	Yes		
IMOCA Class	No, but we plan to do so		
International Basketball Federation (FIBA)	No, but we plan to do so within the next two years		
		Droughts and water scarcity; Lack of consistent snow cover and quality; Instability of ice and snow	Innovative technologies
International Biathlon Union	Yes		
		Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Droughts and water scarcity	None
International Canoe Federation	Yes		
International Climbing and Mountaineering Federation (UIAA)	No, but we plan to do so within the next two years		
International Dart Federation	No, but we plan to do so within the next two years		
		Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Droughts and water scarcity; Others	Public awareness; Others
International Federation of Association Football (FIFA)	Yes		
International Federation of Equestrian Sports (FEI)	No, but we plan to do so within the next two years		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

International Federation of Sport Climbing	No, but we plan to do so within the next two years		
International Federation of Teqball - FITEQ	No, but we plan to do so within the next two years		
International Fistball Association (IFA)	No, but we plan to do so within the next two years		
International Floorball Federation	No, but we plan to do so within the next two years		
International Golf Federation (IGF)	Yes	Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports	Innovative technologies
International Ice Hockey Federation	No, but we plan to do so within the next two years		
International Judo Federation	No, we do not currently plan to do so		
International Olympic Committee	No, but we plan to do so within the next two years		
International Orienteering Federation (IOF)	No, but we plan to do so within the next two years		
International Rafting Federation IRF	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Droughts and water scarcity; Disruptions in the tourism industry; Lack of consistent snow cover and quality; Impact on local economies; Shift in geographic distribution of events	Public awareness; New events and sports; Reduced costs
International SAMBO Federation (FIAS)	No, but we plan to do so within the next two years		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

International Ski Federation (FIS)	No, but we plan to do so within the next two years		
International Table Tennis Federation	Yes	Extreme weather events impact on sports facilities and disrupt games; Impact on local economies	None
International Triathlon Union (ITU)	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Impact on local economies; Shift in geographic distribution of events	Public awareness
International University Sports Federation	No, but we plan to do so within the next two years		
International Weightlifting Federation (IWF)	No, but we plan to do so within the next two years		
International World Games Association (IWGA)	No, we do not currently plan to do so		
Ju-Jitsu International Federation	No, we do not currently plan to do so		
Juventus	No, but we plan to do so		
K League	No, we do not currently		
Kalmar Fotbollförening	No, but we plan to do so		
Kenneth Hansen Motorsport AB	Yes	Air pollution	Innovative technologies; Public awareness; New events and sports; Increased revenue
Kieler Yacht-Club e.V	No, we do not currently		
La Liga			
Laureus Sport for Good	No, but we plan to do so		
Little Dot Studios	No, but we plan to do so		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Liverpool Football Club	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports	Innovative technologies; Reduced costs; Others
London Marathon Events Ltd	No, but we plan to do so within the next two years		
Maldives Olympic Committee	No, but we plan to do so within the next two years		
Marylebone Cricket Club	No, but we plan to do so		
McLaren Racing	No, but we plan to do so		
Melbourne Cricket Club	No, but we plan to do so		
MetLife Stadium	No, we do not currently		
Millwall Football Club	No, but we plan to do so		
Minnesota Wild	No, but we plan to do so		
Motorsport UK	Yes	Others	Innovative technologies; Public awareness; Reduced costs
Munster Rugby	Yes	Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Droughts and water scarcity; Impact on local economies; Shift in geographic distribution of events	Innovative technologies; Public awareness; New events and sports; Green jobs; Increased revenue; Reduced costs
Nagoya Diamond Dolphins	No, we do not currently		
National Basketball Association (NBA)	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Air pollution; Disruptions in the tourism industry; Impact on local economies	Innovative technologies; Public awareness; Green jobs; Increased revenue; Reduced costs

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

National Olympic Committee and Sports Confederation of Denmark	No, but we plan to do so within the next two years		
National Olympic Committee of Sri Lanka	No, but we plan to do so within the next two years		
New York Mets	No, we do not currently		
New York Road Runners (NYRR)	No, we do not currently plan to do so		
New York Yankees	Yes	Extreme weather events impact on sports facilities and disrupt games	Innovative technologies; Increased revenue; Reduced costs
Newcastle United Football Club	No, but we plan to do so within the next two years		
NFL Green	No, but we plan to do so		
NOC NSF	No, we do not currently		
Norddeutscher Regatta Verein	No, but we plan to do so within the next two years		
Northampton Saints Plc	No, but we plan to do so

Olympic Federation of Ireland	No, but we plan to do so within the next two years		
Pan American Weightlifting Federation	No, but we plan to do so within the next two years		
Paraguayan Olympic Committee	No, we do not currently plan to do so		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Paris 2024	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Droughts and water scarcity	Innovative technologies; Public awareness; Green jobs; Reduced costs
PGA European Tour	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Droughts and water scarcity; Disruptions in the tourism industry; Impact on local economies; Shift in geographic distribution of events; Others	Innovative technologies; Public awareness; New events and sports; Green jobs; Increased revenue; Reduced costs
Premier League	No, but we plan to do so		
Professional Squash Association - PSA	No, but we plan to do so within the next two years		
PUERTO RICO SOCCER LEAGUE	Yes	Extreme weather events impact on sports facilities and disrupt games	Innovative technologies
Real Betis Balompié	No, we do not currently		
Richmond Football Club	No, but we plan to do so		
Royal Yachting Association	No, but we plan to do so		
Royale Union Saint Gilloise	No, but we plan to do so		
Run Ottawa	No, but we plan to do so		
SailGP			

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

SCP Malizia	Yes	Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Shift in geographic distribution of events	Innovative technologies; Public awareness; New events and sports
Sentosa Golf Club	Yes	Droughts and water scarcity	Innovative technologies; Others
Shoreham Football Club	No, but we plan to do so		
Silverstone Circuits Limited	No, we do not currently		
Sky Sports			
Snowboarding Germany			
Southampton Football Club	No, but we plan to do so		
Spanish Olympic Committee	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Droughts and water scarcity; Disruptions in the tourism industry; Lack of consistent snow cover and quality; Instability of ice and snow; Impact on local economies; Shift in geographic distribution of events; Changes in winter sports culture; Others	Innovative technologies; Public awareness; New events and sports; Green jobs; Increased revenue; Reduced costs
Stichting Wintersporten / Alternatieve Elfstedentocht Weissensee	No, but we plan to do so within the next two years		
Surrey County Football Association	No, but we plan to do so within the next two years		
SV Werder Bremen	No, but we plan to do so		
Swedish Athletics Association	No, but we plan to do so within the next two years		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Swedish Olympic Committee (NOC Sweden)	No, but we plan to do so within the next two years		
Swiss Olympic	No, but we plan to do so		
Tapiolan Honka basketball club	No, but we plan to do so within the next two years		
Tennis Australia			
The Austrian Race Project	No, we do not currently		
The Football Association England	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Air pollution; Others	Increased revenue; Reduced costs; Others
The Jockey Club	No, but we plan to do so		
The LTA	No, but we plan to do so		
The Ocean Race	No, but we plan to do so		
Tottenham Hotspur Football Club	No, but we plan to do so within the next two years		
Tour de Suisse	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Air pollution; Droughts and water scarcity; Others	Public awareness; New events and sports
TSG Hoffenheim SpielbetriebsGmbH	No, we do not currently plan to do so		
Tunisian National Olympic Committee (CNOT)	No, but we plan to do so within the next two years		
UK Sport	No, but we plan to do so		

Climate-Related Risks and Opportunities reported by the signatories of the Sports for Climate Action Framework through the Annual Report Questionnaire

Union Cycliste Internationale	Yes	Heat-related illnesses; Extreme weather events impact on sports facilities and disrupt games; Changing playing conditions of outdoor sports; Impact on local economies; Others	Innovative technologies; Public awareness; Green jobs; Increased revenue; Reduced costs; Others
Union of European Football Associations (UEFA)	No, but we plan to do so within the next two years
