

# THE ACE SPACE

- The ACE Space is an online forum created to showcase climate action in Trinidad and Tobago.
- Through this platform organisations, youth groups, companies, community groups and individuals can submit photos, videos and reports that are linked to ACE-related initiatives and projects.

# THE ACE SPACE

The ACE Space aims to:

- Highlight what is being done to address the six pillars of ACE
- Enhance linkages across Trinidad and Tobago and provide opportunities for collaborative partnerships.
- Evaluate and report on climate change-related progress.
