Report upon expiration of the additional period for fulfilling commitments for the second commitment period of the Kyoto Protocol by Liechtenstein

2nd True-up period report Liechtenstein

Submission of 24. October 2023

under the United Nations Framework Convention on Climate Change and under the Kyoto Protocol

I. Introduction

1. This report, submitted by Liechtenstein on 20th of October 2023, contains the information required to be reported upon the expiration of the additional period for fulfilling commitments for the second commitment period of the Kyoto Protocol (hereinafter referred to as the true-up period), in accordance with the relevant decisions of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol.
2. The information contained in this report covers the period 1 January 2022 to 9 September 2023, in accordance with decision 15/CMP.1, annex, paragraph 20, in conjunction with decision 3/CMP.11.
3. The information required to be included in the report is presented using the standard electronic format (SEF) tables included in Annex II to decision 3/CMP.11.

II. Information provided before the submission of the report

4. The SEF tables of Liechtenstein (with the file name lie-2022-sef-cp2-19jun23.zip) for the period 1 January to 31 December 2022 have been submitted previously and can be found <https://unfccc.int/sites/default/files/resource/lie-2022-sef-cp2-19jun23.zip>⁴

The reports R2–R5 of Liechtenstein covering the period 1 January to 31 December 2022 do not include any information because there were no discrepancies, CDM notifications, non-replacements and invalid units in 2022. The reports R2–R5 have not been submitted previously because they are empty.

III. Information incorporated into the report

5. The SEF tables of Liechtenstein (with the file name RREG1_LI_2023_1.xml) for the period 1 January to 9 September 2023 are part of this report and submitted as an attachment.
6. The reports R2–R5 of Liechtenstein covering the period 1 January to 9 September 2023 do not include any information because there were no discrepancies, CDM notifications, non-replacements and invalid units in the period 1 January to 9 September 2023. They are therefore not submitted as part of this report.

¹ Section XIII of decision 27/CMP.1 (Procedures and mechanisms related to compliance under the Kyoto Protocol) defines the additional period for fulfilling commitments.

² Decisions 5/CMP.1, 13/CMP.1, 15/CMP.1, 22/CMP.1, 27/CMP.1, 1/CMP.8, 1/CMP.17, 3/CMP.11 and 4/CMP.11.

³ Report R2 (list of discrepant transactions) provides information on any discrepancies identified by the international transaction log, and additional information required under paragraph 12 of the annex to decision 15/CMP.1; report R3 (list of clean development mechanism (CDM) notifications) provides information on any notification received by the Party from the Executive Board of the CDM, directing the Party to replace long-term certified emission reductions, in accordance with paragraphs 13–14 of the annex to decision 15/CMP.1; report R4 (list of non-replacements) provides information on any record of non-replacement identified by the international transaction log, and the additional information required under paragraph 15 of the annex to decision 15/CMP.1; report R5 (list of invalid units) provides information on the quantities of Kyoto Protocol units held in the national registry that are not valid for use towards compliance with commitments under Article 3, paragraph 1, in accordance with paragraph 16 of the annex to decision 15/CMP.1.

⁴ For the SEF tables from 1 January to 9 September 2023, see paragraph 7 in this report

IV. Other information included in this report

a) **Information on actions to correct discrepancies identified from 1 January 2022 to 9 September 2023, changes to the national registry to prevent discrepancies from reoccurring and resolution of previous questions of implementation pertaining to transactions**

7. In accordance with paragraph 17 of the annex to decision 15/CMP.1 in conjunction with decision 3/CMP.11, Liechtenstein reports that no discrepancies have been identified by the ITL during the periods 1 January to 31 December 2022 or 1 January to 9 September 2023 and therefore, there was no need to take any action or make any change to its registry with regard to this issue.
8. In accordance with paragraph 17 of the annex to decision 15/CMP.1 in conjunction with decision 3/CMP.11, Liechtenstein reports that no questions of implementation pertaining to its transactions have been previously identified.

b) **Commitment period reserve**

9. The commitment period reserve (CPR) of Liechtenstein is 1'400'440 t CO₂. Liechtenstein's CPR is contained in annex II, table II.1, of the "Report on the individual review of the annual submission of Liechtenstein submitted in 2022" and was agreed by the relevant expert review team.

c) **Total quantity of units in the retirement account**

10. Table 1 presents the total quantity of Kyoto Protocol units in Liechtenstein's retirement account at the end of the true-up period for the second commitment period, in accordance with paragraph 49(b) of the annex to decision 13/CMP.1 in conjunction with decision 3/CMP.11.

Table 1. Total quantity of Kyoto Protocol units in the retirement account for the second commitment period (2013-2020)

AAUs	ERUs	RMUs	CERs	tCERs	ICERs	Total
0	0	0	0	0	0	0

Abbreviations: AAUs = assigned amount units, CERs = certified emission reductions, ERUs = emission reduction units, RMUs = removal units, tCERs = temporary certified emission reductions, ICERs = long-term certified emission reductions.

11. Liechtenstein did not retire any units for the second commitment period. Therefore, no serial numbers are mentioned in this report.

d) **Carry over of units**

12. Liechtenstein does not wish to carry over any KP units.
