

# CLIMATALK

Demystifying climate policy and empowering young people in the fight for climate action.

**90%**

of young people in Europe believe the world's greatest threats are climate change and environmental breakdown (UNESCO, 2022).

**70%**

of young people globally do not feel confident in their understanding of climate change or climate policies (ActionAid, 2021).

**100+ volunteers**

**30+ countries**

**6 continents**

## WHAT WE DO

We equip young people with knowledge and understanding of climate policy to empower them to take action to build a green, sustainable future.

Conduct **award-winning live coverage** from international UNFCCC climate conferences.

Reached young people from **188 countries** in 6 continents.

Launched **6 projects** within Climate Policy & Law and Climate Education & Careers.

Published **500+** articles and organised **25+** events.

Produced **450+ pieces** of accessible COP content.

We make climate policy  
**ACCESSIBLE**  
**DIGESTIBLE**  
**ACTIONABLE**
