# NMA Platform

The NMA Platform is designed to record and exchange information on non-market approaches under Article 6, paragraph 8, of the [Paris Agreement](#). It is established in accordance with [decision 8/CMA.4](#) and enables participating Parties and non-Party stakeholders to identify, develop and implement non-market approaches. The platform includes information on finance, technology and capacity-building support available or provided for these initiatives.

Non-market approaches under Article 6.8 support Parties' climate efforts by promoting mitigation and adaptation ambition. They aim to enhance participation from the public and private sectors, as well as civil society organizations, in implementing [nationally determined contributions](#). They also create opportunities for coordination across different climate instruments and institutional frameworks.

Each non-market approach is identified voluntarily by participating Parties, involves more than one participating Party and does not involve the transfer of mitigation outcomes. Initiatives must support the achievement of host Parties' nationally determined contributions, align with the [eleventh preambular paragraph](#) of the Paris Agreement and minimize any potential negative environmental, economic or social impacts.

For any queries, contact [nma-platform@unfccc.int](mailto:nma-platform@unfccc.int).

☐ Adaptation Benefits Mechanism (ABM)

 Submitting Country: Uganda ([host](#))

 Participating Parties: Kenya ([host](#)), Madagascar ([host](#)), Benin ([host](#)), Gambia ([host](#)), Guinea ([host](#)), Nigeria ([host](#))

 Focus area: Adaptation, resilience and sustainability

 Sector: Cities, settlements and infrastructure, Energy systems, Health and nutrition, Industry and transport, Land, ocean, food and water, Society livelihoods and economies

 Support Needed: Technology development and transfer, Finance, Capacity-building

 Support Provided:

The Adaptation Benefits Mechanism (ABM) mobilizes public and private finance to enhance the resilience of vulnerable communities and ecosystems in Africa. It delivers quantified, verified and certified data on resilience, adaptation finance and co-benefits, which can be used for transparency under the Paris Agreement and other reporting of...

## 1.3 Plateforme NMA

The screenshot displays the NMA Platform website. The header includes the United Nations Climate Change logo and navigation links. The main content area is titled "NMA Platform" and describes its purpose: to record and exchange information on non-market approaches under Article 6, paragraph 8, of the Paris Agreement. It mentions that the platform includes information on finance, technology, and capacity-building support. Below the description, there is a search bar and a "Filters" section with categories like Region, Country, Focus area, Sectors, Support needed, and Support provided. A list of non-market approaches is shown, with the first entry being the "Adaptation Benefits Mechanism (ABM)". The entry details include the submitting country (Uganda), participating parties (Kenya, Madagascar, Benin, Gambia, Guinea, Nigeria), focus area (Adaptation, resilience and sustainability), sector (Cities, settlements and infrastructure, Energy systems, Health and nutrition, Industry and transport, Land, ocean, food and water, Society livelihoods and economies), support needed (Technology development and transfer, Finance, Capacity building), and support provided. The date "14 Nov 2024" and a "View details" link are also visible.

## 1.7 Plateforme NMA

### NMA Forum

The [NMA Platform](#) discussion forum is a dedicated space for stakeholders involved in implementing Article 6.8 of the Paris Agreement to collaborate and share knowledge. The forum is designed to facilitate discussions on non-market approaches to climate change, where participants can exchange information, experiences and lessons learned. While the content on the forum is publicly viewable, individuals must [register](#) to post. A [user guide](#) is available outlining how to register, create and respond to posts, and navigate discussion threads.

Please note that moderators do not review posts before they go live and are not responsible for the content posted by users. To keep this forum constructive and respectful, we ask all users to follow the [forum guidelines](#). If you see any posts that do not comply, please report them to the moderators. Moderators reserve the right to remove any content that violates the guidelines. For any questions related to the forum, please contact [nma-platform@unfccc.int](mailto:nma-platform@unfccc.int).
