The One UN Climate Change Learning Partnership

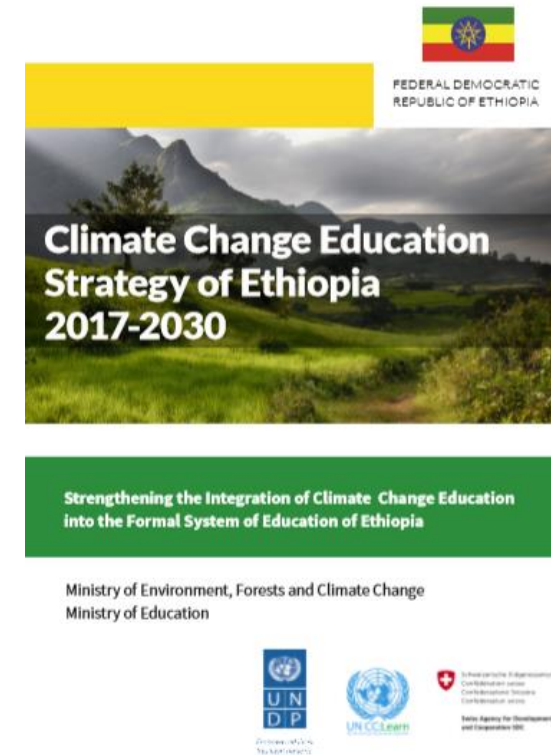

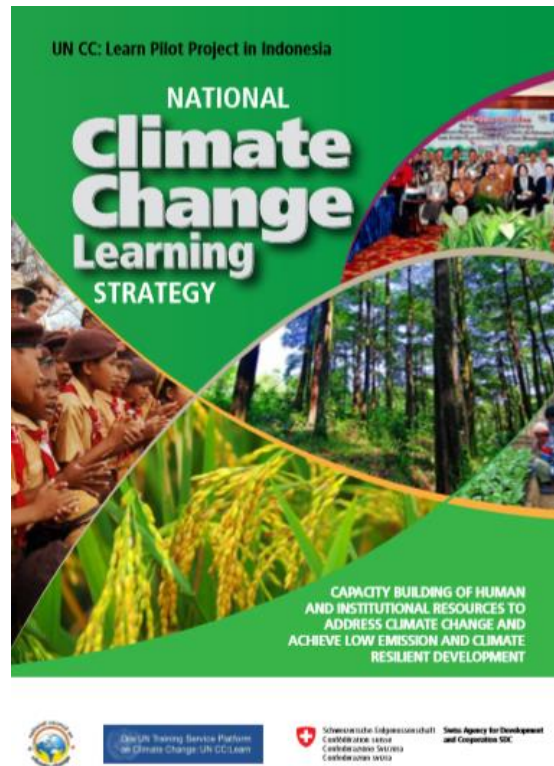

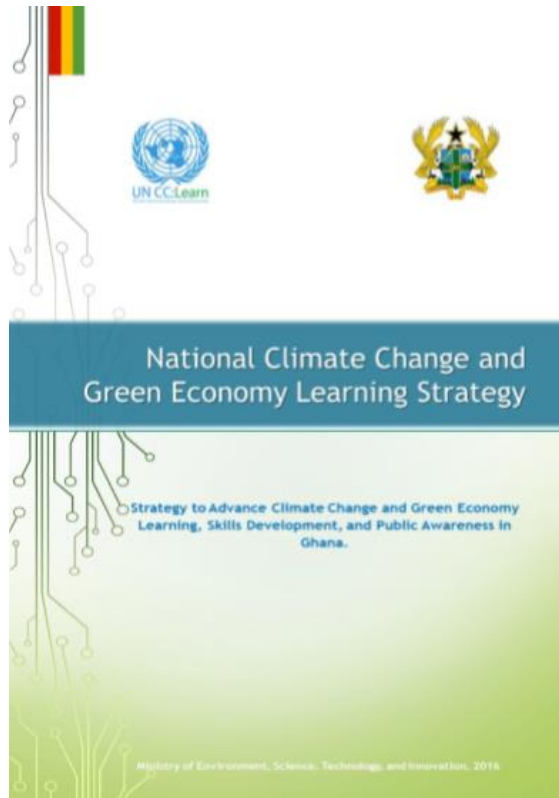

## **Principles, Good Practices and Lessons Learned from Integrating ACE into Climate Change Policies and Climate Change into Education Policies**

Cristina Rekasavas, UNITAR

7th Dialogue on Action for Climate Empowerment

19 June 2019

Bonn, Germany

# National Climate Change Learning Strategies

# TOP 5 Tips

---

## **1. Promoting Multi-Sectoral and Multi-Stakeholder Collaboration**

# TOP 5 Tips

---

## 2. Raising Visibility

# TOP 5 Tips

---

## 3. Strengthening Collaboration with the Education Sector

# TOP 5 Tips

---

## 4. Building the Capacities of National/Regional Learning Institutions

# TOP 5 Tips

---

## 5. Mobilizing Resources through Partnerships

# Moving Forward

Continue to...

- Promote a systematic and strategic approach to climate change learning
- Integrate climate change learning into formal education
- Strengthen national education and training institutions to deliver climate change learning action
- Support youth engagement, beyond schools
- Demonstrate the impact of climate change learning
- Strengthen regional and international cooperation

# Thank you!
