

Template for non-Party stakeholders' inputs for the Talanoa Dialogue

Question 2 - Where do we want to go?

This template is meant to guide non-Party stakeholders (organization(s), coalition(s), initiative(s) and/or sector(s) etc.) in providing inputs that are relevant and impactful to the Talanoa Dialogue process. Using such the template is not mandatory, however, the High-level Champions encourage non-Party stakeholders to use such a structure to facilitate capturing and highlighting the key messages across the three questions.

Where do we want to go?

Vision of the future for your organization and/or sector in terms of its possible role in achieving the 1.5/2 degrees' goal and a net-zero emission world by this mid-century [Maximum 300 words]

- A world where Europe's main trading partners have converged with the climate ambitions of Europe.
- A Europe that is ambitious on its climate targets as well as in safeguarding the competitiveness of its industries.
- A Paris Rulebook finished by COP24 and effectively implemented as soon as possible afterwards that demonstrates transparency and fairness.
- An official business channel at the UNFCCC for business representatives to time-efficiently communicate suggestions to negotiators.

Possible and potential new commitments and pledges of to achieve the 1.5/2 degrees' goal and a net-zero emission world by this mid-century [Maximum 300 words]

No comments
