

**Report back on requests from the first BTR LRs meeting:**

**Experience from the first cycle of BTR reviews on the application of TACCC principles when reviewing tracking progress in implementing and achieving NDCs**

**Nalin Srivastava**, Programme Officer, NDC Tracking unit  
UNFCCC secretariat

# Experience from the first cycle of BTR reviews on the application of the TACCC principles for tracking progress in implementing and achieving NDCs

- The LRs recognized the need to **explore how the guiding principles of the MPGs are to be applied in reviewing the consistency with the MPGs of the tracking progress information in the BTRs.**
- The LRs requested the secretariat to **collect relevant examples from the first cycle of BTR reviews on the application of the guiding principles and provide an update for further guidance at the next meeting.**
- The secretariat considered the review issues identified in the 8 published TERRs and during the 32 TERs and noted that **no significant issues related to the application of TACCC principles other than transparency and completeness have been identified by the TERTs thus far.**
