| Core components | Cross-cutting |
|--|---|
| <p>Sustainable National GHG Inventory Management Systems (setting up, maintenance of institutional, legal, and procedural arrangements)</p> | <ul style="list-style-type: none">▪ Reporting requirements for MRV▪ Reporting requirements for ETF (MPGs) |
| <p>Knowledge Development (technical capacity on methods, tools, reporting requirements, etc.)</p> | <ul style="list-style-type: none">▪ 2006 IPCC Guidelines for national GHG inventories, incl. IPCC inventory software▪ 2013 Supplement to the 2006 IPCC Guidelines for National GHG Inventories: Wetlands |
| <p>Data Management and Quality (data improvement, gaps filling, uncertainty analysis, time-series consistency, etc.)</p> | <ul style="list-style-type: none">▪ 2019 Refinement to the 2006 IPCC Guidelines (<i>used on a voluntary basis only</i>) |

Workshops

Thematic Workshops

- *Uncertainty analysis*
- *Data collection, management*

Quality Assurance

GHG-IMS, GHGI

- *On-demand 5-day training session*
- *Findings and Recommendations for Improvement*

Learning & Certification

E-learning & certification program

- *Online training courses (2006 IPCC GLs)*
- *Collaboration with GHG-Management Institute*
- *Input to the UNFCCC roster of experts*

Tools & Platforms

AFOLU platform

- *Support to AFOLU-related topics*
- *Knowledge development on remote sensing, data access, and improvement*
- *On-demand working sessions*

Regional Workshops

- *5-day regional workshops on building national GHG IMS and 2006 IPCC Guidelines and software*
- *Collaboration with IPCC, FAO, and US- EPA*

EIMS and Energy statistics

- *3-5 day in country working sessions*
- *Energy statistics and balance*
- *Collaboration with IEA and UNSD*

User Manuals

- *Translation of the user manual available online in three languages*

GHG Help Desk

- *Interactive communication platform*
- *Continued support to developing countries on GHG inventory topics*

GHG Support Activities – 2006 IPCC Guidelines and IPCC Inventory Software

Regional Workshops on the building of sustainable national GHG Inventory Management Systems, and the use of the 2006 IPCC Guidelines for National GHG Inventories

- 5 days regional workshops (Africa; Asia Pacific and Eastern Europe; Latin America and the Caribbean)
- How to establish and/or strengthen national institutional arrangements for the implementation of the Modalities, Procedures, and Guidelines for the Enhanced Transparency Framework under the Paris Agreement (**1 day**).
- How to effectively implement the 2006 IPCC Guidelines, In collaboration with the IPCC Task Force on National GHG Inventories (**4 days**).
- Focus on hands-on training on **the latest version of the IPCC software**.
- Interactive training approach: presentations, discussions, exercises using real data sets, hands-on IPCC inventory software use.
- Presentations by Parties on their experiences, and question and answer sessions allow the specifics of all regions to be addressed.

Regional workshops on the latest IPCC Inventory Software

Africa

Asia Pacific and
Eastern Europe

LAC

In the next six to seven months following the signature of an MoU with the host country

No supplementary funding available!

Estimated budget: EUR 650,000 (3 Workshops / year)

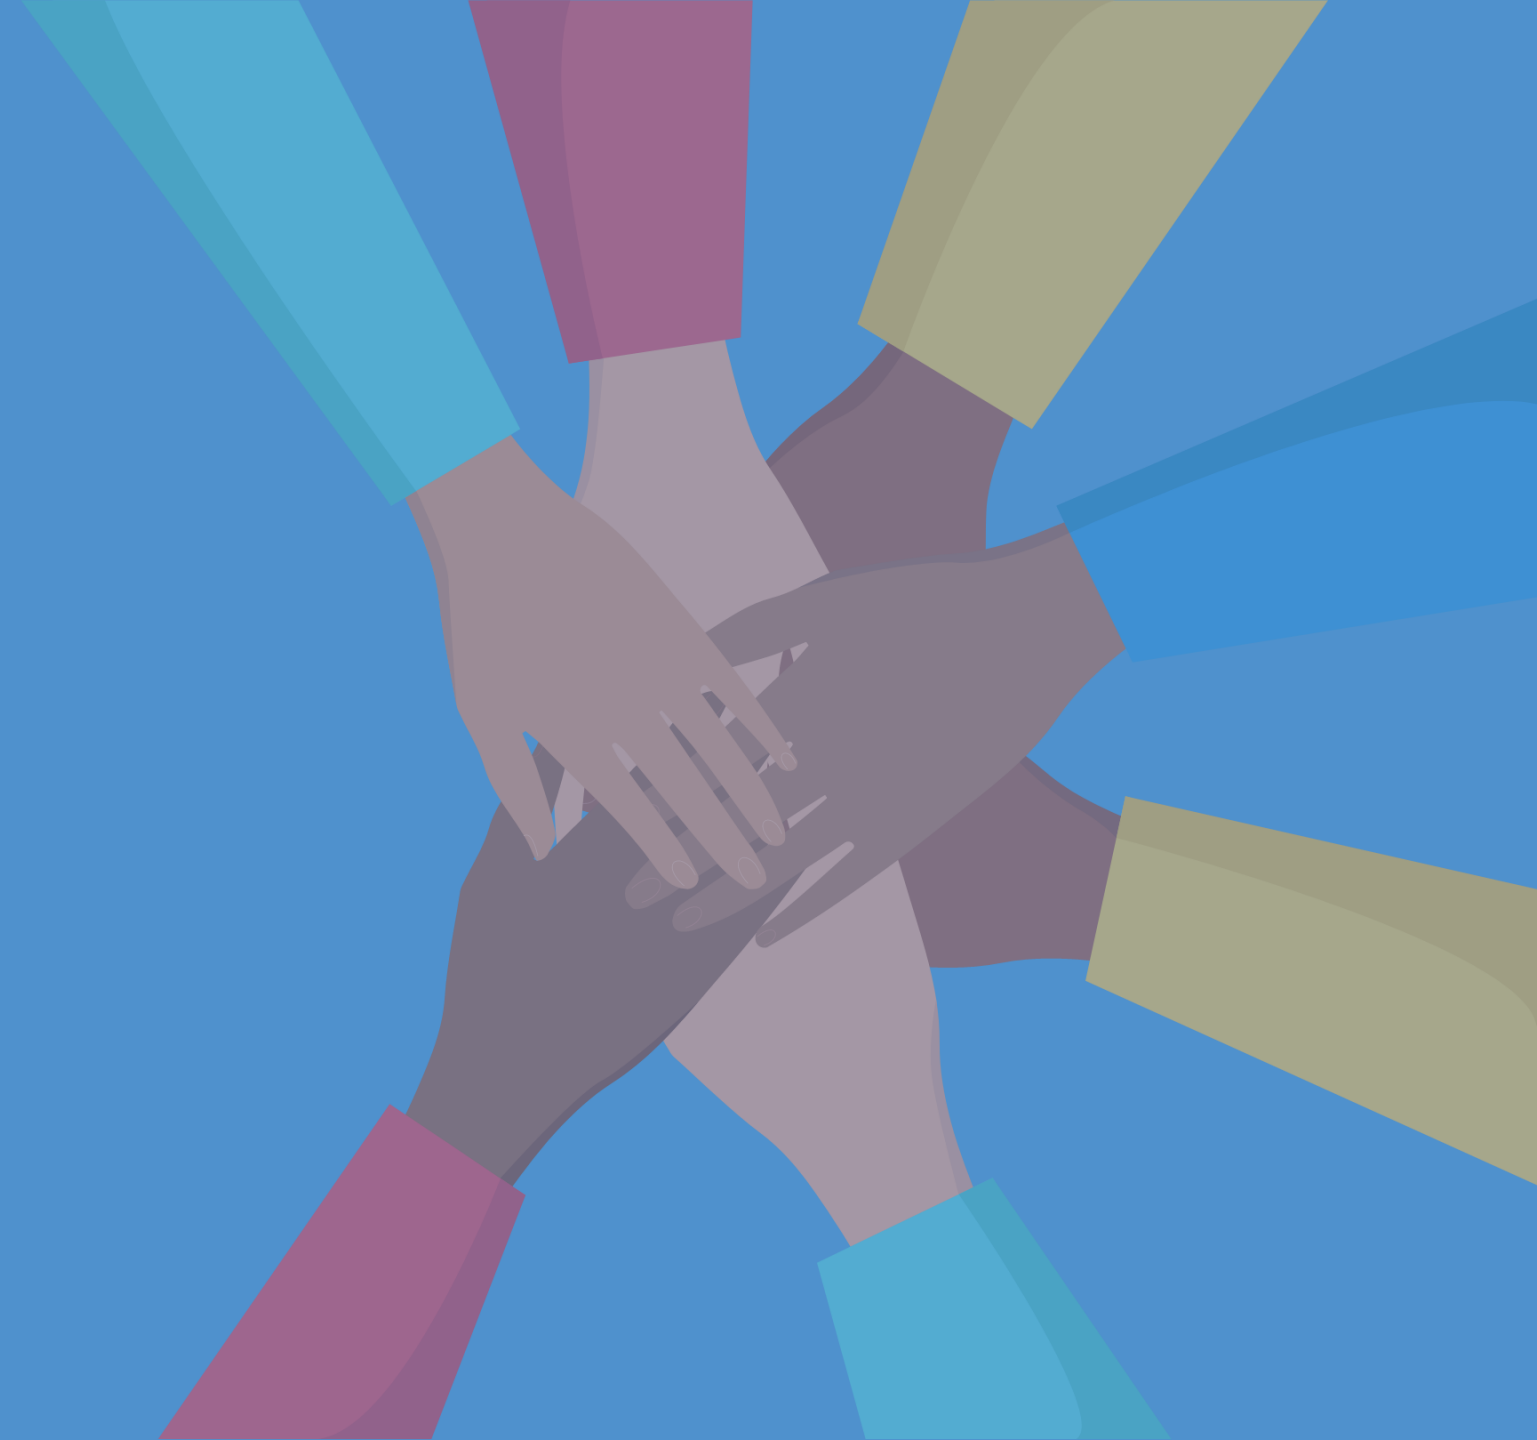

**THANK YOU FOR YOUR
ATTENTION!**
