1 This form is to be filled, signed and submitted by the representative of the designated national authority for the Article 6.4 mechanism as notified to the UNFCCC secretariat by no later than 31 December 2025. The secretariat may convert this form into an electronic interface for the submission of the host Party approval, in which case, the signature will be replaced with electronically secure means.

2 Provisional requests for renewal will not be finalized under the transition process. Therefore, this form is not relevant.

3 CPAs already included in a CDM PoA may transition to the Article 6.4 mechanism only in conjunction with, or subsequent to, the transition of the PoA. Therefore, this box must be ticked if the host Party also approves the transition of the CPAs to the Article 6.4 mechanism.

4 In accordance with paragraph 26(e) of the annex to decision 3/CMA.3, the host Party shall indicate publicly to the Supervisory Body the types of Article 6.4 mechanism activity that it would consider approving and how such types of activity and any associated emission reductions would contribute to the achievement of its nationally determined contribution, if applicable, its long-term low greenhouse gas emission development strategy, if it has submitted one, and the long-term goals of the Paris Agreement. Paragraph 6 of annex I to decision 7/CMA.4 further elaborated that CDM project activities, PoAs and the CPAs therein, and activities in provisional requests that may transition to the Article 6.4 mechanism shall be among the activity types indicated by the host Party.

5 This provision is only applicable to LDCs and SIDS and is to be checked if the LDC/SIDS hosting the CDM project activities or PoAs and CPAs therein chooses not to exempt the CDM project activities or PoAs and CPAs therein requesting transition from the share of proceeds for adaptation.

I hereby approve the transition of the CDM activity to, or finalization of the provisional request under, the Article 6.4 mechanism, subject to approval by the Supervisory Body	Date (DD/MM/YYYY):
