Workplan of the Supervisory Body 2026

Version 03.0

United Nations
Framework Convention on
Climate Change

1. Workplan 2026 of the Supervisory Body

1. Table 1 below provides an overview of the workplan of the Article 6.4 Supervisory Body for 2026, adopted at the twentieth meeting of the Supervisory Body. For each subsequent meeting of the year, the workplan will be updated to include any mandates arising from meetings and to provide an update of the status of the work.

2. The following mandates provided at SBM 022 have been added to Table 1 for SBM 023 meeting:

   (a) To prepare a revised draft annual report of the Supervisory Body to the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement and present it to the Supervisory Body for its consideration at its next meeting;[1]

   (b) To continue providing regular updates on the income and expenditures;[2]

   (c) To provide additional information on alternative sources of funding of Article 6.4 mechanism at its next meeting;[3]

   (d) To prepare a revised version of the concept note "Governance arrangements for the Article 6.4 Supervisory Body and its expert panels" and present it together with the revised relevant procedures to the Supervisory Body for consideration at a future meeting in 2027;[4]

   (e) To prepare a revised "Procedure: Article 6.4 Activity Cycle Procedure for Programmes of Activities" regarding the exemption from administrative fees, and present the revised procedure to the Supervisory Body for its consideration at a future meeting;[5]

   (f) To seek feedback from the Adaptation Fund Board on the identified complexities and possible solutions of Adaption SOP and report back to the Supervisory Body; [6]

[6] See paragraph 14 of the SBM 022 meeting report, available at: https://unfccc.int/sites/default/files/resource/A6.4-SBM022.pdf.

(g) Subject to availability of resources, to proceed with a coordinated approach to developing the SOP and risk management policy and report back as needed at a future meeting;[7]

(h) To continue work on matters requiring further policy discussion of the adopted "Procedure: Article 6.4 mechanism registry" and present a revised procedure to the Supervisory Body for its consideration at a future meeting.[8]

3. In addition, the following items are proposed for consideration by the Supervisory Body at SBM 023:

(a) Revision to the Procedure: Transition of CDM activities to the Article 6.4 mechanism;

(b) Clarifications from Accreditation Expert Panel on the matters related to conflict of interest and use of the external experts;

(c) Environmental and social impact assessment requirements for transitioning CDM activities.

4. Considering the large number of items to be considered at SBM 023, the following items originally planned for SBM 023 are proposed to be postponed until 2027:

(a) Revision to the Article 6.4 mechanism registry procedure;

(b) Information on the whistleblower mechanism;

(c) Analysis of the affected transitioning CDM cases – interim measures due to non-availability of PACM Methodologies;

(d) Revision to the Procedure: Development, revision and clarification of methodologies and methodological tools.

5. The Supervisory Body, at SBM 023, deferred its consideration on the following items, and agreed to continue its consideration at its next meeting:

(a) The information note "Time limits on post-issuance authorization of mitigation contribution A6.4ERs (Article 6.4 Emissions Reductions)";

(b) The information note "Summary of stakeholder inputs received on the draft version 02.0 of the Article 6.4 sustainable development tool" and of the expected budget cost for the potential development of web-based forms.

[8] See paragraph 24 of the SBM 022 meeting report, available at: https://unfccc.int/sites/default/files/resource/A6.4-SBM022.pdf.

6. The following mandates provided at SBM 023 will be added to the workplan for 2027:

   (a) To continue to monitor income and expenditure and agreed to consider, at every meeting in 2027, the financial outlook for 2027 and any contingency measures that may be required to address a potential funding shortfall by the end of the year and in 2028, with a view to informing the preparation of the Business and Resource Allocation Plan 2028–2029 to be adopted at its June meeting in 2027;[9]

   (b) To expand fundraising efforts to alternative sources of funding and to provide an update on progress at its next meeting;[10]

   (c) To continue its work on the revision of the Article 6.4 Sustainable Development tool applicable to activities involving removals;[11]

   (d) To reflect the decision of extending the exemption from the deadline for submission of issuance for transitioned CDM projects to transitioned CDM programmes of activities (PoAs) in the next revision of the relevant PoA activity cycle regulatory documents;[12]

   (e) To revise the following regulatory documents, as appropriate, to incorporate the changes made to the revised methodological standards and tools for applying methodological standards and tools to programmes of activities: “Standard: Article 6.4 activity standard for programmes of activities” (A6.4-STAN-AC-004); “Procedure: Activity cycle procedure for Article 6.4 programme of activities” (A6.4-PROC-AC-003), “Standard: Article 6.4 validation and verification standard for programmes of activities” (A6.4-STAN-AC-005);[13]

   (f) To incorporate the requirements from the information note “Sampling and surveys requirements for designated operational entities” into the “Standard: validation and verification standard for projects” (A6.4-STAN-AC-003) and “Standard: Article 6.4 validation and verification standard for programmes of activities” (A6.4-STAN-AC-005);[14]

   (g) To prepare a concept note containing detailed options to address various issues identified in the concept note referred to in paragraph 38 of the meeting report;[15]
