

Preparing WIM ExCom inputs for the global stocktake

## Adaptation Committee

Synthesis report on the information identified in paragraph 36 of decision 19/CMA.1

14 December 2021

*Alice Gaustad, Adaptation Committee member*

## I: Introduction and approach

---

Data sources:

- Primarily AC technical work
- Interaction and collaboration with Parties and other stakeholders
- Complemented by information from other sources as required

Not a “report of reports”

- Meaningful input towards the objectives of the GST and the SB Chairs' questions
- Coordination to enhance complementarity and avoid duplication
- References to other synthesis reports and inputs to the GST on complementary topics where these are expected to provide greater detail

## II: Outline

---

Adaptation Committee synthesis report on the information identified in paragraph 36 of decision 19/CMA.1

1. Introduction
2. Overview of climate risks, vulnerability, impacts and state of adaptation efforts
3. State of support for adaptation, including finance, technology and capacity-building
4. Cross-cutting aspects, including gender, indigenous knowledge and other aspects
5. Experiences of Parties in relation to adaptation action and support
6. Overall progress, challenges and potential opportunities for enhancing adaptation action and support as well as enhancing international cooperation

### III: Timeline

---

Anticipated time line of the Adaptation Committee for the preparation and finalization of the report:

- December 2022: Review of the extended annotated outline;
- AC 21 (28-31 March 2022): Consideration of the first draft;
- End of May 2022: Finalization of the report.
