Adaptation Committee

AC30/AA/2A
20 August 2026
Version 1.0

Thirtieth meeting of the Adaptation Committee
Baku, Azerbaijan
14–17 September 2026

Provisional agenda and annotations

Recommended action by the Adaptation Committee

This document provides background information and outlines the expected actions under each agenda item for the 30th meeting of the Adaptation Committee.

I. Provisional agenda

1. Opening and welcome
2. Organizational matters:
   (a) Adoption of the agenda
   (b) Organization of work
3. Update on accomplished and finalized work
4. Technical support and guidance to Parties on impact, vulnerability and risk assessment
5. Technical support and guidance to Parties on adaptive capacity assessment
6. Support for adaptation planning and implementation:
   (a) Update of the online resource on navigating the landscape of support for the process to formulate and implement national adaptation plans
   (b) AC thematic dialogues
7. Technical guidance and training materials to support the implementation of the United Arab Emirates Framework for Global Climate Resilience (in collaboration with the Consultative Group of Experts and the Least Developed Countries Expert Group)
8. Recommendations on how to improve reporting on adaptation action and progress (in collaboration with the Consultative Group of Experts and the Least Developed Countries Expert Group)
9. State of adaptation action by Parties
   (a) State of adaptation action by Parties country portal and synthesis report
   (b) Information collection and preparation for the second global stocktake
10. Recognizing the adaptation efforts of developing country Parties
11. Communications plan and strategy of the Adaptation Committee
12. Work of the Adaptation Committee's task force on national adaptation plans
13. Adaptation Forum
14. Organization of intersessional work
15. Report of the Adaptation Committee

16. Dates and venues for future meetings

17. Any other matters

18. Closure of the meeting

II. Annotations to the provisional agenda

1. Opening and welcome

1. The Co-Chairs will officially open the 30th meeting of the AC for members and observers on 14 September 2026 at 14:00 Baku time. The open meeting will be preceded by an internal coordination meeting of AC members from 9:00 to 14:00 on 14 September 2026. Mr. Abdulaziz Albutti and Ms. Marianna Ronchini, elected as Co-Chairs of the AC at AC 29, will preside over the meeting.

2. Organizational matters

(a) Adoption of the agenda

2. The provisional agenda for the 30th meeting of the AC will be presented for adoption.

AC30/AA/2A	*Provisional agenda and annotations*

(b) Organization of work

3. Virtual attendance will be made available to ensure inclusive participation, including by observers, while acknowledging the challenges posed by online participation.

4. The AC has continued to advance its work intersessionally through virtual means, including exchanges on the AC MS Teams space and through a series of thematic conference calls. To ensure transparency, all documents for and updates from AC 30 will be posted on the AC 30 webpage[1]. Observers are invited to send comments by email to AC@unfccc.int. Registered observers for the meeting will be welcomed to attend the official meeting from **14–17 September 2026**, unless otherwise decided by the AC. They will be invited to make interventions under all agenda items. The meeting can also be followed live and on demand. The links and recordings will be made available after the meeting on the AC 30 webpage.

3. Update on accomplished and finalized work

5. *Background*: The Co-Chairs will update the AC on the following work accomplished since AC 30:

(a) The AC held a session "From data to decisions: How Monitoring, Evaluation and Learning (MEL)[2] systems inform policy, investment and adaptive management for climate resilience" during Climate Week 3 in Yeosu, Republic of Korea (25 April 2026);

(b) The AC held a virtual thematic dialogue on opportunities for accessing adaptation finance from the operating entities of the Financial Mechanism and the Adaptation Fund[3] on 14 July 2026;

(c) The AC participated in the NAP Expo 2026 in Kigali, Rwanda (19–21 May 2026), convening a session on "Addressing Adaptation Reporting Challenges Through the

[1] AC 30 webpage: https://unfccc.int/event/AC-30.
[2] Event webpage: https://unfccc.int/event/adaptation-mel.
[3] Event webpage: https://unfccc.int/event/ac-dialogue-opportunities-accessing-adaptation-finance.

NAP Process",[4] and organizing a joint session with the NAP Global Network "Advancing Monitoring, Evaluation, and Learning Systems";[5]

(d) The AC participated in various events held during SB 64 (June 2026): the GGA Workshop under the Baku Adaptation Road Map[6] at which it delivered an intervention under the item on evolution of the adaptation architecture under the UNFCCC; the 11th meeting of the informal coordination group for capacity-building (PCCB ICG);[7] and the side event on constituted bodies' work on adaptation and loss and damage[8] at which it provided an overview of the work of the AC;

(e) The AC participated as a panellist in Webinar 1 of the "Inside MDB Adaptation Finance" series (29 April 2026);

(f) The AC participated in the Regional Dialogue, organized by UN Climate Change Regional Collaboration Centre for the Middle East, North Africa and South Asia (RCC MENA and South Asia) on Enhancing Monitoring, Evaluation, and Learning Systems for National Adaptation Plans in MENA and South Asia[9] (30 June 2026).

6. *Action*: The AC will be invited to take note of the update by the Co-Chairs, discuss feedback or lessons learnt for future work as needed; and agree on next steps as appropriate.

4. Technical support and guidance to Parties on impact, vulnerability and risk assessment

7. *Background*: At AC 26, the AC discussed potential activities in the area of impact, vulnerability and risk assessment, and decided to continue consideration of possible activities at AC 27, as included in the flexible workplan of the AC for 2025 – 2027. At AC 27, the AC agreed to consider this agenda item at its next meeting.

8. At AC 28, the AC requested the secretariat to develop an overview note on the application of impact, vulnerability and risk assessments in different countries for consideration by AC 29, reflecting case studies from different regions and adaptation contexts, with a view to identifying additional areas of work by the AC.

9. At AC 29, the AC considered the overview note (AC29/INFO/5)[10] and agreed to open the document for additional comments by AC members for the two weeks following the closure of AC 29. It requested the secretariat to advance the work on collecting case studies on the application of impact, vulnerability and risk assessments in different regions, on the basis of inputs received from AC members at AC 29 and using information from different sources, including the State of Adaptation Action by Parties portal and inputs from relevant external experts and entities, for consideration by the AC at AC 30, with a view to progressing towards a global overview of approaches and lessons.

10. *Action*: The AC will be invited to consider the global overview of approaches and lessons on the application of impact, vulnerability and risk assessments across different regions, prepared by the secretariat on the basis of case studies and inputs received at AC 29, and to identify potential additional areas of work for the AC.

AC30/INFO/4	*Potential activities on impact, vulnerability and risk assessment. Overview note*

5. Technical support and guidance to Parties on adaptive capacity assessment

11. *Background*: At AC 28, the AC requested the secretariat to develop a concept note clarifying the concept, role, and application of adaptive capacity assessments with a view to informing discussions at AC 29 and supporting the identification of potential deliverables.

12. At AC 29, the AC considered the concept note[11] on the concept, role and application of adaptive capacity assessments and agreed to open the document for additional comments by AC members for the two weeks following the closure of AC 29. It requested the secretariat to compile and analyse relevant work from other adaptation-related constituted bodies and to advance its research on the understanding and application of adaptive capacity assessments, including methodologies, on the basis of inputs received from AC members at AC 29 and using information from different sources, including the State of Adaptation Action by Parties portal and inputs from relevant external experts and entities, for consideration by the AC at AC 30.

13. *Action*: The AC will be invited to consider the compilation and analysis of relevant work by other adaptation-related constituted bodies and the secretariat's further research on the understanding and application of adaptive capacity assessments, including methodologies, and to discuss and identify potential deliverables in this area.

AC30/CN/5	*Potential activities in the area of adaptive capacity assessment. Concept note*

6. Support for adaptation planning and implementation

(a) Update of the online resource on navigating the landscape of support for the process to formulate and implement national adaptation plans

14. *Background*: In 2015, the AC published the thematic report "Navigating the landscape of support for the process to formulate and implement national adaptation plans" (NAP process).[12] The report provided an overview of financial, technological and capacity-building support as well as support in the form of guidance, information and knowledge from multilateral and bilateral sources available for developing countries that undertake the NAP process.

15. In 2022, the AC, through its NAP task force and with the support of the secretariat, produced an update of the 2015 report, revising the information and expanding the categories of support covered.[13] In addition, the publication was complemented by an online information resource which would allow for more frequent and flexible updates of the information.[14]

16. At AC 26, the AC decided to update the online resource periodically as part of its 2025–2027 flexible workplan, starting in 2025 and in collaboration with the operating entities of the Financial Mechanism, the LEG, and other constituted bodies, as appropriate.

17. Following an initial consideration of the planned update at AC 27 and a training and feedback session on the existing online resource held during the 2025 NAP Expo, the AC agreed, at AC 28, to update the resource in two steps: first, to update the information of the online resource within its current, 2022, scope and in a second step to undertake a comprehensive revision of its scope, content and functionalities.

[11] Available at: https://unfccc.int/node/656333.
[12] Available at: https://unfccc.int/documents/41080.
[13] See https://unfccc.int/topics/adaptation-and-resilience/resources/publications/navigating-the-landscape-of-support-for-the-process-to-formulate-and-implement-national-adaptation.
[14] See https://unfccc.int/napsupport.

18. At AC 29, the AC considered the updated information of the 2022 online resource and agreed to open the document for additional comments by AC members for the two weeks following the closure of AC 29, with a view to making the updates publicly available thereafter. It also considered an advanced concept note on the next update and agreed to request the secretariat to proceed with the implementation of phase I of the proposed modular approach on the basis of the guidance provided at AC 29, and to include a disclaimer clarifying that content from external entities does not imply endorsement or alignment by the AC.

19. The updates of the 2022 version of the online resource, including a disclaimer, have been made available on the AC's website.

20. *Action*: The AC will be invited to consider a draft compilation of support developed by the secretariat under phase I of the modular approach, with a view to finalizing the first phase of the next update at AC 31.

AC30/CN/6A	*Draft compilation of support. Concept note*

(b) AC thematic dialogues

21. *Background*: In the context of its joint mandate with the LEG to continue identifying and addressing priority gaps and needs of developing countries related to the process to formulate and implement NAPs[15] and its overall mandate to promote the implementation of enhanced action on adaptation in a coherent manner under the Convention, the AC conducted in 2023 and 2024 a virtual thematic dialogue on addressing developing countries' capacity gaps in accessing adaptation funding, with the support of the NAP task force.[16]

22. Taking into account the success of the dialogue, the AC, at AC 26, decided to conduct new thematic dialogues in conjunction with existing adaptation-related meetings as part of its 2025–2027 workplan and with the support of the NAP task force.

23. The 2026 thematic dialogue was held virtually on the topic "Opportunities for accessing adaptation finance from the operating entities of the Financial Mechanism and the Adaptation Fund". The recording and summary report have been made available on the dialogue's website.[17]

24. *Action*: The AC will be invited to take note of the outcomes of the thematic dialogue held on 14 July 2026 and to consider themes for future thematic dialogues.

AC30/CN/6B	*Themes for future thematic dialogues. Concept note*

7. Technical guidance and training materials to support the implementation of the United Arab Emirates Framework for Global Climate Resilience (in collaboration with CGE and LEG)

25. *Background*: Paragraph 44 of decision 2/CMA.5 invites the AC, in collaboration with the Consultative Group of Experts (CGE) and the LEG, to support the implementation of the United Arab Emirates Framework for Global Climate Resilience (UAE Framework) with technical guidance and training materials thereon.

26. On 19 July 2024, the AC, in consultation with the CGE and the LEG, launched two surveys to collect inputs from Parties, relevant organizations and other stakeholders to inform this work. The first survey was intended for Parties to indicate priorities with respect to the implementation of the UAE Framework, including technical guidance and training materials thereon. The second survey was targeted to Parties, organizations and other stakeholders to submit relevant existing technical guidance and training materials.

[15] Decision 9/CP.27, paras. 7–8.

[17] Event webpage: https://unfccc.int/event/ac-dialogue-opportunities-accessing-adaptation-finance.

27. At AC 26, the AC considered a strategy paper with options for next steps.

28. At AC 27, the AC continued the consideration of the updated version of the draft strategy paper on how to respond to the mandate and decided to request the secretariat to publish a user-friendly version of the mapping of technical guidance and training material received through various sources such as the surveys, from constituted bodies and from other stakeholders; prepare an updated draft strategy paper based on the inputs received at AC 27; and invite other adaptation-related constituted bodies to provide further inputs to the draft strategy paper intersessionally.

29. The user-friendly version of the mapping of technical guidance and training material was published intersessionally on 30 July 2025.[18]

30. At AC 28, the AC considered the advanced strategy paper prepared for this agenda item and agreed to request the secretariat to prepare a concept note, for consideration at AC 29, outlining an initial set of deliverables under two tracks: (a) using and updating existing technical guidance and training materials; (b) developing new training products (e.g. online modules). The AC also agreed to continue collaboration with the LEG and the CGE under this mandate and to assess additional collaboration opportunities with the Paris Committee on Capacity-building (PCCB).

31. At AC 29, the AC considered the concept note prepared for this agenda item and agreed to implement the two-track approach of (1) enhancing access to and usability of existing guidance and (2) developing new training products. The AC also underlined the importance of engaging the CGE, the LEG, the Standing Committee on Finance (SCF) and other constituted bodies and stakeholders and requested the intersessional working group to advise on next steps, including prioritization of activities. The AC requested the secretariat to develop a detailed workplan for the implementation of priority activities and to mobilize resources needed, for consideration at AC 30.

32. *Action*: The AC will be invited to consider the detailed workplan developed by the secretariat for the implementation of priority activities under the two workstreams, and to provide guidance on prioritization and next steps.

AC30/CN/7	*Technical guidance and training materials to support the implementation of the United Arab Emirates Framework for Global Climate Resilience. Concept note*

8. Recommendations on how to improve reporting on adaptation action and progress (in collaboration with the CGE and the LEG)

33. *Background*: Paragraph 45 of decision 2/CMA.5 invites the AC, in collaboration with the CGE and the LEG, to develop recommendations on how to improve reporting on adaptation action and progress, including with a view to informing the review and update, as appropriate, of the modalities, procedures and guidelines (MPGs) for the transparency framework for action and support referred to in Article 13 of the Paris Agreement contained in the annex to decision 18/CMA.1 and the review of the training course referred to in decision 9/CMA.4, paragraph 10.[19]

34. At AC 29, the AC considered the information contained in document AC29/INFO/10 and provided inputs on a first set of draft recommendations. It requested the secretariat to revise the note on the basis of inputs received, with a view to publishing an updated version intersessionally,[20] and to further advance the draft recommendations, taking into account inputs from the CGE and the LEG, and additional submissions from Parties, for the AC's

[18] Available at https://unfccc.int/documents/648945.

[19] The SBSTA is requested undertake the first review and update, as appropriate, of the MPGs no later than 2028 on the basis of experience in reporting, technical expert review and facilitative, multilateral consideration of progress (decision 18/CMA.1, para. 2). The review of the training course on the biennial transparency reports (BTRs) will take place in the context of the aforementioned review of the BTR MPGs (decision 9/CMA.4, para. 10).

[20] See document AC29/INFO/10rev available at https://unfccc.int/documents/659807.

intersessional consideration, with a view to finalize the first set of recommendations at AC 30. The AC also decided to reopen the call for submissions relevant to this mandate, with a deadline of 30 June 2026.

35. *Action*: The AC will be invited to finalize the first set of recommendations on how to improve reporting on adaptation action and progress.

AC30/INFO/8	*Recommendations on how to improve reporting on adaptation action and progress. Information note.*

9. State of adaptation action by Parties

(a) State of adaptation action by Parties country portal and synthesis report

36. *Background*: In 2024, the AC launched a new portal on the state of adaptation action by Parties[21] (SoA portal), with interactive country profiles for each country that is a Party to the UNFCCC. The country profiles provide information on adaptation actions undertaken along the adaptation cycle and are based on the latest information available in national reports and communications submitted to the UNFCCC secretariat.

37. The portal contains 198 profiles which will continuously be updated.

38. At AC 27, the AC considered the concept note for regular synthesis reports on the state of adaptation action by Parties. Members engaged in discussions on the outline and periodicity of the synthesis report and agreed to publish the first report by the end of 2026. Members also discussed resource implications for the completion and maintenance of the online portal.

39. At AC 29, the AC considered the concept note for the 2026 synthesis report and requested the secretariat to prepare a first draft, taking into account inputs received at AC 29, for intersessional consideration by the established working group. The AC agreed that the report will cover all adaptation actions undertaken by Parties, and the support provided and received, as available on the portal, and requested the secretariat to develop the final draft for consideration at AC 30.

40. *Action*: The AC will be invited to consider the final draft of the 2026 synthesis report on the State of Adaptation Action by Parties and to decide whether to adopt the report as an input to the technical assessment of the second global stocktake.

AC30/SREP/9A	*State of Adaptation Action by Parties. Draft 2026 synthesis report*

(b) Information collection and preparation for the second global stocktake

41. *Background*: As in each cycle of the global stocktake, the second global stocktake will consist of three components: information collection and preparation, technical assessment and consideration of outputs.[22]

42. As per decision 19/CMA.1, paragraph 24, relevant constituted bodies (including the AC) and forums and other institutional arrangements under or serving the Paris Agreement and/or the Convention are invited to prepare for the technical assessment, with the assistance of the secretariat, synthesis reports on the information identified in paragraph 36 of decision 19/CMA.1 in their areas of expertise. The AC's synthesis report for the technical assessment of the first global stocktake is available on the GST information portal and the AC's website.[23]

43. For each cycle of the global stocktake, the Chairs of the SBSTA and the SBI are requested to issue a call for the inputs referred to in paragraphs 36 and 37 of decision

[21] Available at: https://unfccc.int/adaptation_country_portal.
[22] Decision 19/CMA.1.
[23] https://unfccc.int/topics/adaptation-and-resilience/resources/publications/constituted-body-global-stocktake-synthesis-report-synthesis-report-for-the-technical-assessment.

19/CMA.1, taking into account that such inputs should be submitted at least three months before their consideration in the technical assessment (around March 2027 in the case of the second global stocktake).

44. At AC 29, the AC requested the secretariat to prepare an annotated outline of its synthesis report for the technical assessment of the second global stocktake, on the basis of the inputs received at AC 29.

45. *Action*: The AC will be invited to consider the annotated outline of its synthesis report for the technical assessment phase of the second global stocktake and provide further guidance to the secretariat, noting that the AC will decide at AC 30 whether to adopt the 2026 synthesis report on the State of Adaptation Action by Parties as an input to that technical assessment.

AC30/CN/9B	*Information collection and preparation for the second global stocktake. Annotated outline*

10. Recognizing adaptation efforts of developing country Parties

46. *Background*: The CMA, in its decision 11/CMA.1, requested the secretariat, under the guidance of the AC and the LEG and in collaboration with relevant stakeholders, to prepare synthesis reports every two years starting in 2020 on specific adaptation themes, focusing on relevant lessons learned and good practices in developing country Parties. This mandate was issued in the context of the CMA's consideration of recognizing adaptation efforts of developing countries.[24]

47. At AC 27, the AC considered possible themes for the 2026 synthesis report as proposed in the concept note for this item and considered merging options 3 (Strengthening reporting and data systems for adaptation) and 4 (Advancing adaptation through science, education, and technology collaboration) and additional considerations. It further agreed to refine the themes for the 2026 synthesis report.

48. At AC 28, the AC considered the revised concept note and further discussed the focus and scope of the report to be published in 2026. It also requested the secretariat to further elaborate the concept note and start collecting case studies to be included in the report.

49. During the intersessional period, the AC discussed the revised concept note and the refined theme, *Strengthening integrated knowledge, science, technology and data systems to advance adaptation action and reporting*. The AC agreed to finalize the concept note for consideration at AC 29 and, subject to guidance, to prepare a draft report intersessionally.

50. At AC 29, the AC requested the secretariat to take into account the inputs received to produce a first draft of the synthesis report intersessionally, and confirmed delivery milestones, including consideration of a final draft by the AC at AC 30.

51. *Action*: The AC will be invited to consider the final draft of the 2026 synthesis report on recognizing the adaptation efforts of developing country Parties and agree on next steps, including towards its publication.

AC30/SREP/10	*Recognizing the adaptation efforts of developing country Parties. Draft synthesis report*

11. Communications plan and strategy of the Adaptation Committee

52. *Background*: At AC 27, the AC took note of the AC's communication strategy and plan for 2025–2026 and of suggestions to continue improving the strategy, subject to the availability of resources. The AC also acknowledged the improved structure and design of its webpages.

[24] Decision 11/CMA.1, para. 13.

53. At AC 28, the AC took note of the progress report on its communication and outreach efforts for 2025–2026 and requested its communications working group to provide guidance to the secretariat on communications activities during the intersessional period, if required.

54. At AC 29, the AC took note of the report on the implementation of its communications plan and strategy and agreed to enhance its efforts in making its products and communications available in all UN languages, as well as in organizing events and activities at the regional level. It also requested the secretariat to provide a report on the AC's communication and outreach efforts, including the number and type of translated products, for the AC's consideration at AC 30.

55. *Action*: The AC will be invited to consider a report on its communication and outreach efforts, including the number and type of translated products, and provide guidance on next steps.

AC30/INFO/11	*Report on the AC's communication and outreach efforts*

12. Work of the Adaptation Committee's task force on national adaptation plans

56. *Background*: The AC's NAP task force was established with the aim of further supporting developing countries seeking to formulate and implement NAPs. It comprises members of the AC, the LEG, the SCF, the Technology Executive Committee, the Adaptation Fund, the Global Environment Facility and the Green Climate Fund, as well as contributors from the CGE, the Executive Committee of the Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts, the Facilitative Working Group of the Local Communities and Indigenous Peoples Platform and the Paris Committee on Capacity-building.

57. The NAP task force organizes its work through flexible workplans, aligned with the flexible workplans of the AC, and aims to support the implementation of the AC's work in a manner that enhances collaboration and coherence among constituted bodies, as per the AC's mandate.

58. At AC 27, the AC welcomed the work undertaken by the NAP task force and adopted its flexible workplan for 2025–2027 as proposed.

59. The NAP task force held its second meeting of 2025 on 21 October. Its first meeting in 2026, scheduled for 24 March, could not take place due to limited confirmed participation. Members of and contributors to the NAP task force were invited to provide inputs on the updates to the 2022 version of the AC's online resource on navigating the landscape of support for the process to formulate and implement national adaptation plans and share ongoing activities and opportunities for collaboration and engagement in writing.

60. At AC 29, the AC welcomed the report by the NAP task force, expressed its appreciation for the work undertaken and looked forward to further engagement on relevant activities of the AC's workplan such as the NAP Expo 2026.

61. *Action*: The AC will be invited to consider the information presented by the co-lead of the NAP task force on its activities since AC 29, including its engagement in the NAP Expo 2026 and the AC's 2026 thematic dialogue, and provide further guidance to the NAP task force as appropriate.

13. Adaptation Forum

62. *Background*: The AC has regularly held Adaptation Forums since 2013. In its workplan for 2025–2027, the AC agreed to conduct an Adaptation Forum on the state of adaptation action by Parties and decided to consider a draft concept note on the Forum, including the theme, timeline and potential collaboration partners, at AC 27, with a view to conducting the Forum in 2026.

63. At AC 27, the AC considered the concept note for the next Adaptation Forum, agreed to focus it on "technical support and guidance, assessing adaptation progress and innovation frontiers for adaptation", and to further develop the preparation of the Forum. It requested the secretariat to revise the concept note, taking into account the inputs received at AC 27, for consideration by the AC 28; and it agreed to conduct the Forum for three days and in a hybrid format.

64. At AC 28, the AC provided inputs to the revised draft concept note and requested the working group established on this matter to further develop the agenda for the Forum during the intersessional period.

65. During the intersessional period, the AC discussed updates to the concept note for the Adaptation Forum, including alignment with recent COP 30 outcomes. Members emphasized maintaining a technical focus, considered possible timing and organization, and highlighted the importance of inclusive and timely outreach.

66. At AC 29, the AC considered the preparation of the 2026 Adaptation Forum and provided guidance on its thematic focus and overall structure. It requested the secretariat to explore opportunities for collaboration with external partners and relevant constituted bodies, including those working on technology and innovation, to confirm the venue and timing of the Forum, and to develop a communication, outreach and participation plan. Following AC 29, the concept note was further refined during the intersessional period to reflect the guidance provided by the AC and to accommodate the programme, logistical arrangements and narrative of Climate Week 4, including confirmation of the venue, meeting rooms and programme. The Adaptation Forum is planned to be convened on 9–10 September 2026, one week prior to AC 30.

67. *Action*: The AC will be invited to take note of the state of preparations for the 2026 Adaptation Forum, including arrangements for collaboration with external partners and relevant constituted bodies and the communication, outreach and participation plan. The AC may also wish to hold a stocktaking discussion at AC 30 on the key messages and lessons emerging from the Forum and consider opportunities for future Adaptation Forums.

AC30/CN/13	*Adaptation Forum convened by the Adaptation Committee. Oral report by the secretariat, based on the updated Adaptation Forum webpage.*

14. Organization of intersessional work

68. *Background*: At AC 29, the AC discussed the organization of its intersessional work and agreed on modalities related to the intersessional working groups. It requested its Co-Chairs and the secretariat to prepare a document on modalities to enhance the efficiency of its intersessional work for consideration at AC 30.

69. *Action*: The AC will be invited to consider the document on modalities to enhance the efficiency of its sessional and intersessional work, prepared by the Co-Chairs and the secretariat, and to revisit the intersessional work modalities and the current list of intersessional working groups, including leads/co-leads and membership, as needed.

AC30/DA/14	*Work modalities of the AC – draft document*

15. Report of the Adaptation Committee

70. *Background*: The COP, by decision 2/CP.17, requested the AC to report annually to the COP, through the subsidiary bodies, including on its activities, the performance of its functions, guidance, recommendations and other relevant information arising from its work and, as appropriate, on further action that may be required under the Convention, for consideration by the COP. The CMA, by decision 11/CMA.1, decided that the AC shall serve the Paris Agreement. The AC's 2025 annual report was welcomed by Parties at COP 30 and CMA 7, held in November 2025 in Belém.

71. *Action:* The AC will be invited to consider its 2026 draft report as circulated internally to AC members, and to request the secretariat to finalize the draft report with the agreements from AC 30, including possible recommendations

16. Dates and venues for future meetings

72. *Background*: At AC 29, the AC considered dates and venues for future meetings and requested the secretariat to share additional information on possible options for AC 30 for the AC's intersessional consideration and agreement. The AC agreed to conduct its 31st meeting from 6 to 9 April 2027 in Bonn, Germany.

73. *Action*: The AC will be invited to consider possible dates and venues for AC 32 and AC 33.

17. Any other matters

74. *Background*: At AC 29, any other matters arising were discussed under this item. The AC requested its Co-Chairs and the secretariat to prepare a document on the work modalities of the AC for consideration at AC 30.

75. *Action*: The AC will be invited to consider the document on the work modalities of the AC, prepared by the Co-Chairs and the secretariat pursuant to the request made at AC 29, as indicated in agenda 14 above, in addition to any other matters arising during the meeting.

18. Closure of the meeting
