

Adaptation Committee

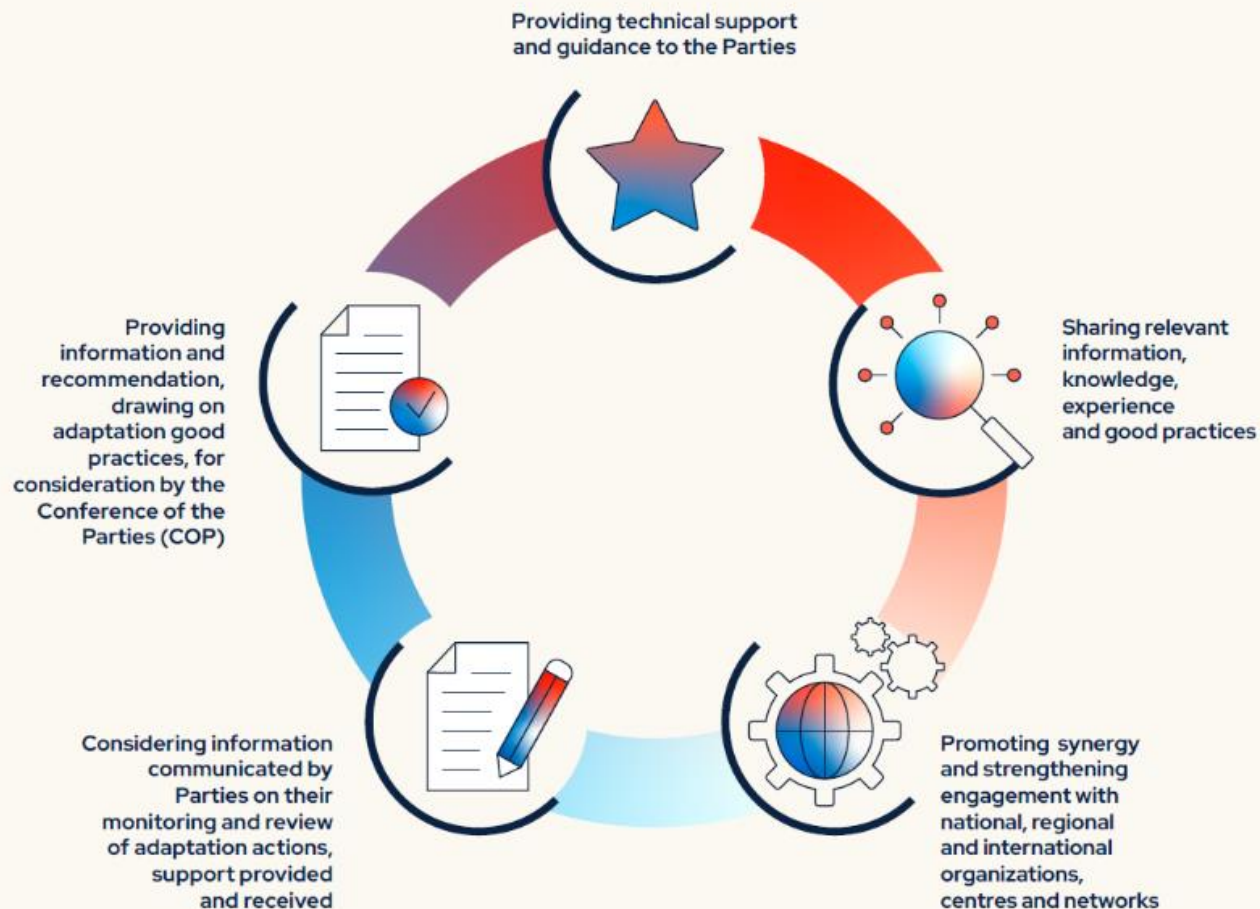

United Nations
Climate Change

Systemic and holistic approaches to implementation of climate action on agriculture, food systems¹ and food security, understanding, cooperation and integration into plans

17 June 2025

The Adaptation Committee

THE WORK OF THE AC IS CENTRED AROUND FIVE CORE FUNCTIONS:

Credit: UNFCCC

Committee

United Nations
Climate Change

Systemic and holistic approaches by the AC

Agriculture and food security

- ✓ Technical guidance
- ✓ Stakeholder engagement
- ✓ Knowledge sharing
- ✓ Aligned with SJWA objectives

Highlights

Promoting a holistic approach:

- ✓ Synthesis report “How developing countries are addressing hazards, focusing on relevant lessons learned and good practices”

Enhancing coherence and collaboration & Strengthening engagement and partnership:

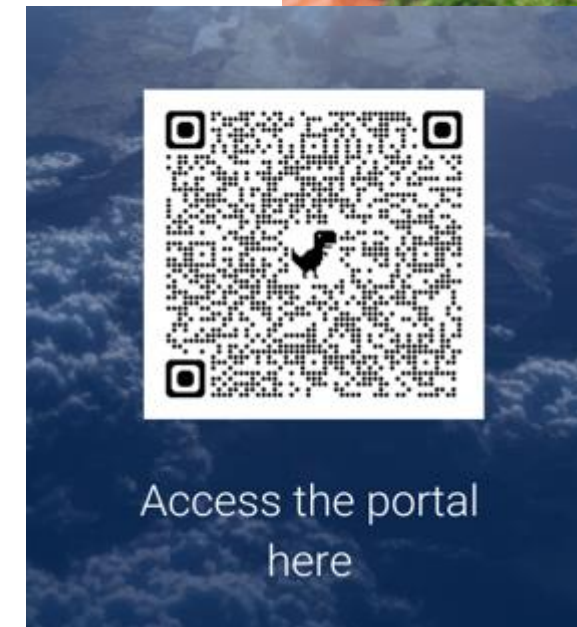

- ✓ Active engagement in and contribution to workshops on agriculture and food security

Providing support and technical advice

- ✓ Toolkit for monitoring, evaluation and learning (MEL) for national adaptation plan (NAP) processes

Sharing information on national policies and plans

- ✓ The State of adaptation action portal

Thank you!
