

PRESENTATION OF THE ADAPTATION PROGRAM

**ADAPT
ACTION**

A PROGRAM

Objective :

To support partner countries in the development and implementation of their **adaptation strategies** and the deployment of **resilient development trajectories**.

Amount Phase 2 :

15 M€ financed by AFD + UE funding (6M€ +1,5M€ AFD Grant)

Geographic area Phase 2 :

11 partner countries in Africa and Indian Ocean (+6 Mediterranean & Middle East extension with UE subvention)

Duration Phase 2 :

4 years (2022-2025)

www.afd.fr/en/adaptaction

A THREEFOLD STRATEGY

Understanding, Planning, Investing

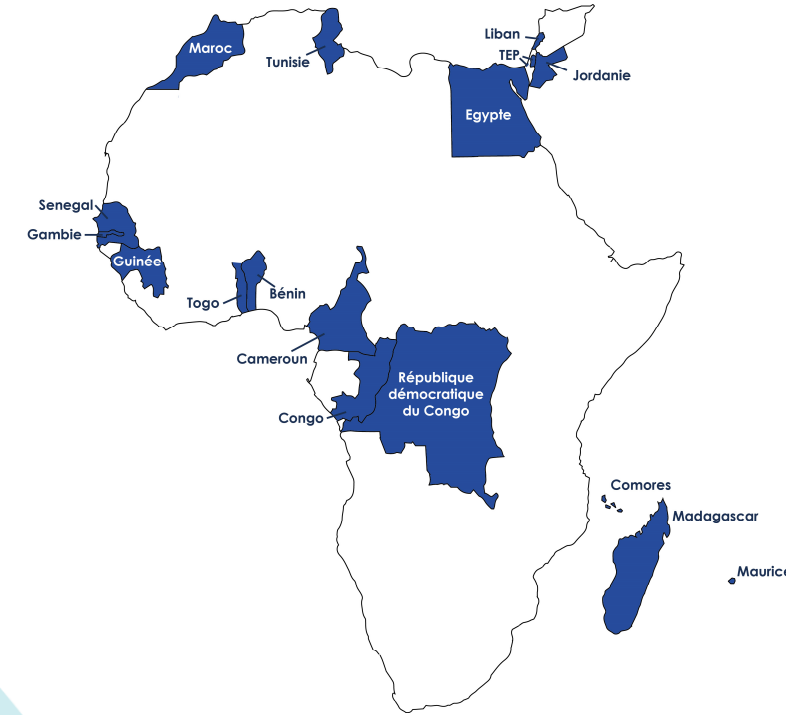

A study and capacity-building programme

- A multi-sectoral programme
- A laboratory for innovation
- An inclusive and participatory approach

A threefold strategy:

understanding, planning, investing

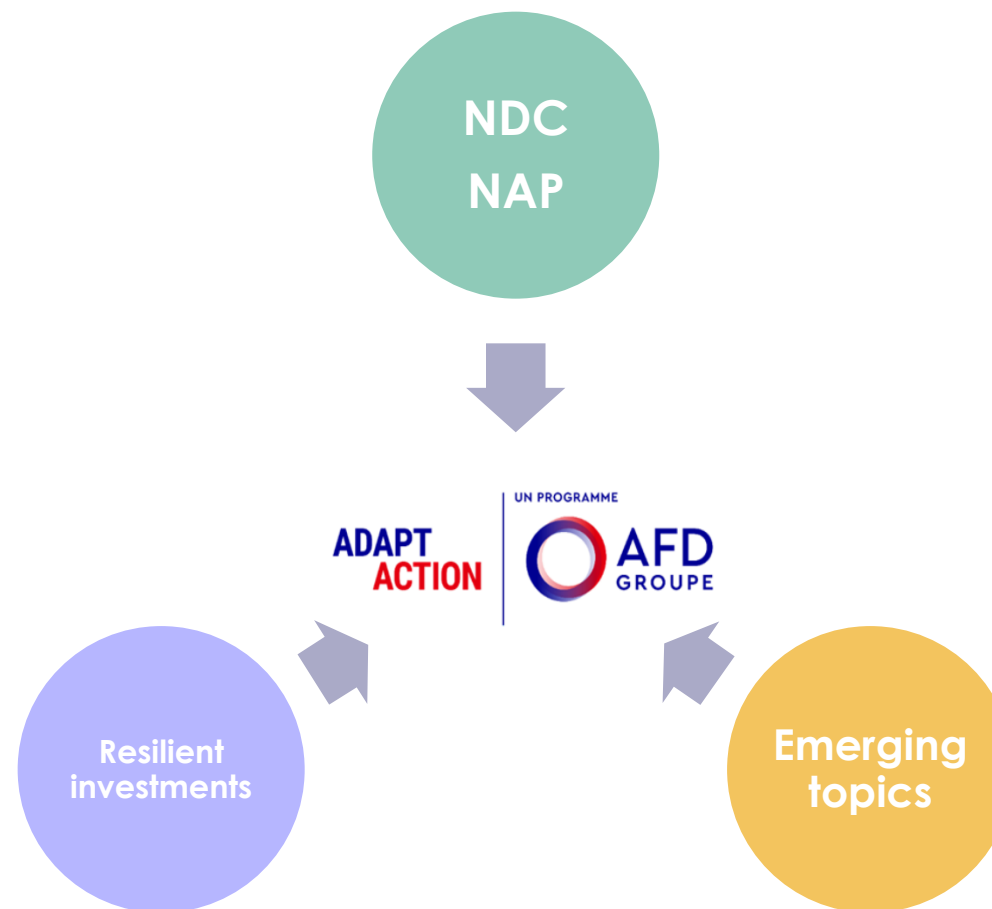

AdaptAction strives to better understand adaptation processes, but also to support the translation of scientific knowledge into governance mechanisms, public policies and adaptation-sensitive investments.

8 countries already partners of phase 1 And 4 new partner countries: Gambia, Togo, DRC, Benin
6 countries w/ UE) in partnership with UNCDF-LoCAL

PROCESS OF CO-CONSTRUCTION OF SUPPORTS

A program at the crossroads of NDCs, resilient investment opportunities and new emerging topics

SOME EXAMPLES OF ADAPTACTION PHASE 1 SUPPORT

- **SENEGAL**

- **Axe 2 – Planning** : Support for the implementation of the monitoring and evaluation system of the adaptation component of the NDC
- **Axe 3 – Investing** : Feasibility study of an integrated coastal zone management project in the context of climate change in Senegal

- **GUINEA**

- **Axe 2 – Planning** : Integration of adaptation issues in Local Development Plans
- **Axe 3 – Investing** : Vulnerability and feasibility studies for the conservation and development project of the Zياما Biosphere Reserve

- **MULTI-COUNTRIES : RESEARCH STUDIES**

- **GAP-TRACK** : A tool for measuring adaptation progress

SOME EXAMPLES OF ADAPTACTION PHASE 2 SUPPORT

- **CONGO**

- **Axe 2 – Planning** : Development of a training module on adaptation climate change and resource management in water

- **GUINEA**

- **Axe 3 – Investing** : Vulnerability and feasibility study of the Kounki project – fish farming component

- **SENEGAL**

- **Axe 2 – Planning** : Support for the implementation of the monitoring and evaluation system of the adaptation component of the NDC – **regional level**

- **MULTI-COUNTRIES : RESEARCH STUDIES**

- Assessing ecosystem-based coastal risk reduction and adaptation projects in small tropical islands
