#### **Draft conclusions proposed by the Chair**

1. The Subsidiary Body for Implementation (SBI) expressed its appreciation to the Government of the United Kingdom of Great Britain and Northern Ireland for the preparations to ensure the success of the United Nations Climate Change Conference in Glasgow, United Kingdom, from 31 October to 12 November 2021.
2. The SBI also expressed its appreciation to the Presidencies of the Conference of the Parties (COP) at its twenty-fifth and twenty-sixth sessions and the presiding officers of the subsidiary bodies for their continued efforts over the past two years to maximize progress and minimize delays and to ensure an efficient, coordinated and coherent process for considering issues in the UNFCCC process in spite of the delays resulting from the coronavirus disease 2019 pandemic.
3. The SBI further expressed its appreciation to the Government of Egypt for offering to host COP 27 (November 2022) and the Government of the United Arab Emirates for offering to host COP 28 (November 2023).
4. The SBI noted that, in keeping with the principle of rotation among the regional groups, the President of COP 29 (November 2024) would come from the Eastern European States, and encouraged the Eastern European States to initiate their consultations with a view to presenting an offer to host COP 29 at the earliest opportunity and at the latest in the first sessional period of 2023 in order to facilitate timely planning.
5. The SBI acknowledged that early identification of a host country minimizes logistical and financial risks and enables the secretariat to conduct fact-finding missions in a timely manner.
6. The SBI encouraged the secretariat and hosts of future sessions of the governing bodies to take into consideration logistical arrangements that would facilitate the inclusive and effective participation of all Parties.
7. The SBI recommended the following dates for the sessional periods in 2025 for consideration at COP 26:
  - (a) First sessional period: Monday, 2 June, to Thursday, 12 June;
  - (b) Second sessional period: Monday, 10 November, to Friday, 21 November.
8. The SBI recalled that at SBI 50 it agreed to continue at SBI 52 discussions on approaches and initiatives for increasing the efficiency of the UNFCCC process towards enhancing ambition and strengthening implementation.<sup>1</sup>
9. In the light of the limited time available at this session to adequately address this issue, the SBI invited Parties and observer organizations to submit via the submission portal<sup>2</sup> by 29 April 2022 views on approaches and initiatives for increasing the efficiency of the UNFCCC process towards enhancing ambition and strengthening implementation, which will inform consideration of the matter at SBI 56 (June 2022).
