

**Framework for non-market approaches referred to in
Article 6, paragraph 8, of the Paris Agreement:**

**In-session workshop under
Article 6, paragraph 8, of the Paris Agreement**

7 June 2022, 11:00 – 14:00 & 16:00 – 18:00 CEST
Bonn, Germany

AGENDA

(As of 6 June 2022)

Background: At the Glasgow Conference, the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (CMA) adopted decision 4/CMA.3 on the Work programme under the framework for non-market approaches referred to in Article 6, paragraph 8, of the Paris Agreement. In paragraph 8(a) of that decision, the CMA requested the secretariat to organize an in-session workshop, with the broad participation of relevant experts, on matters related to the call for submissions in paragraph 6 of the decision.

Topic: Matters related to the views and information on the call for submissions referred to in paragraph 6 of decision 4/CMA.3, including:

1. Existing non-market approaches in the initial focus areas;
2. Examples of potential additional focus areas and related existing non-market approaches;
3. UNFCCC web-based platform;
4. Schedule for implementing the work programme activities.

A synthesis report on the submissions received is available at <https://unfccc.int/documents/476873> (FCCC/SBSTA/2022/3).

Structure of the workshop: The workshop will be opened by the Chair of the Subsidiary Body for Scientific and Technological Advice (SBSTA) and be facilitated by two workshop co-facilitators invited by the SBSTA Chair. The workshop will allow time for presentations by interested Parties or observers, questions & answers, as well as for discussion (see table below).

The guiding questions for the discussion only aim to support focused interventions and interactive exchange on topics related to the call for submissions as listed above. Parties and observers may choose to address any or all of the questions, as well as any other matters they consider relevant to the topics.

Further steps: The Glasgow Committee on Non-market Approaches is mandated to develop and recommend a schedule for implementing the work programme activities, including specifications for the UNFCCC web-based platform for consideration and adoption by CMA 4 (November 2022). As requested by decision 4/CMA.3, the synthesis report on the submissions will be considered by the Glasgow Committee at its 1st meeting, to be held at this June session; and a report on the workshop will be prepared for consideration by the Glasgow Committee at its 2nd meeting (November 2022).

Timing	Session	Speaker
Morning Session		
5 min	Opening	SBSTA Chair
5 min	Welcome and setting the scene	Co-facilitators
70 min	Presentations and Q&A	Parties
5 mins	Break	
70 mins	Presentations and Q&A	Observers
10 mins	Brief interventions	Observers
5 min	Wrap up	Co-facilitators
Afternoon Session		
5 min	Resumption	Co-facilitators
100 min	Discussion Guiding questions: <ul style="list-style-type: none"> • How can facilitating these non-market approaches in the work programme assist Parties in implementing their NDCs? • How can including the proposed potential additional focus areas and their related NMAs enhance the work programme? • What specific functions of the UNFCCC web-based platform can support Parties to identify, develop, and implement NMAs? • What time period should the work programme schedule cover and what are the activities and expected outcomes for each activity in the work programme schedule? 	Parties and Observers interventions
5 min	Wrap up	Co-facilitators
5 min	Closing	Co-facilitators
