

*Ann Molin* is the founder and Secretary General of Hack for Earth Foundation, and the CEO of Hack for Earth AB. By bringing citizens and organizations all over the world together in innovation competitions - hackathons - the mission is to create real solutions to the SDG's, and bring them to life through the unique Dream- Hack – Build method.

*Ann* has introduced her work on citizen-driven innovation in the UN General Assembly in 2022, and at TEDxStockholm in 2020. She is a multiple published author on citizen-driven innovation and the book "Citizen-driven innovation with hackathons - how to Dream! Hack! Build!" will be released in May 2024.
