**Please describe how your country's participation in the Article 6.4 mechanism contributes to sustainable development, while acknowledging that the consideration of sustainable development is a national prerogative.**

The participation in the Article 6.4 mechanism will help to achieve the following objectives, as defined by The Sustainable Development Strategy – Egypt's Vision 2030:

- Develop a unified long-term political, economic, and social vision as the base for short- and medium-term development plans at the national, local, and sectoral levels.

- Align SDS 2030 objectives with those of the post-2015 United Nations Sustainable Development Goals and the Sustainable Development Strategy for Africa 2063.
- Enable the civil society organizations and Parliament members to monitor the implementation of the strategy, its objectives, Key-Performance-Indicators (KPIs), targets, programs, and projects implemented according to a specific timeline.

**Please provide detailed information on the types of activities under Article 6, paragraph 4 (A6.4 activities) that your country would consider approving pursuant to chapter V.C (Approval and Authorization) of the Rules, Modalities and Procedures (RMPs).**

**Additionally, explain how these activities, and any associated emission reductions or removals, would contribute to the achievement of your country's NDC, if applicable, its long-term low GHG emission development strategy, if it has submitted one, and the long-term goals of the Paris Agreement?**

Egypt will consider all activities eligible for approval under Article 6.4 mechanism based on the methodological requirements and criteria established by the Supervisory Body in Article 6.4. However, for the authorization, Egypt will regulate this decision through its national framework that will generate a list of prioritized activities, which could be updated.

**Please provide any additional information that the host Party may deem necessary (optional)<sup>1</sup>:**

**Baseline approaches and other methodological requirements, including additionality, to be applied for A6.4 activities that it intends to host, in addition and subject to and consistent with the RMPs, under the supervision of the Supervisory Body, and subject to further relevant decisions of the CMA, with an explanation of how those approaches and requirements are compatible with its NDC and, if it has submitted one, its long-term low GHG emission development strategy:**
