

4th Gathering of the Parliamentary Network on Climate Change

(Paramaribo, Surinam, 8-9 August 2019) The 4th Gathering of the Parliamentary Network on Climate Change was organized by ParlaAmericas and served as an opportunity for Parliamentarians to dialogue on concrete and effective legislative solutions to meet the urgency of climate change and contribute to the implementation of the Paris Agreement in line with the 2030 Sustainable Development Goals, including how parliaments can support the management and supervision of the carbon market and non-market mechanisms in their respective countries.

The participating countries are: Panama, Bolivia, Ecuador, Peru, Barbados, Belize, Canada, Antigua and Barbuda, Jamaica, Trinidad and Tobago, Dominican Republic, El Salvador, Costa Rica, St. Lucia, Mexico, Chile, St. Vincent and the Grenadines and Colombia. Expert practitioners and civil society representatives also attended

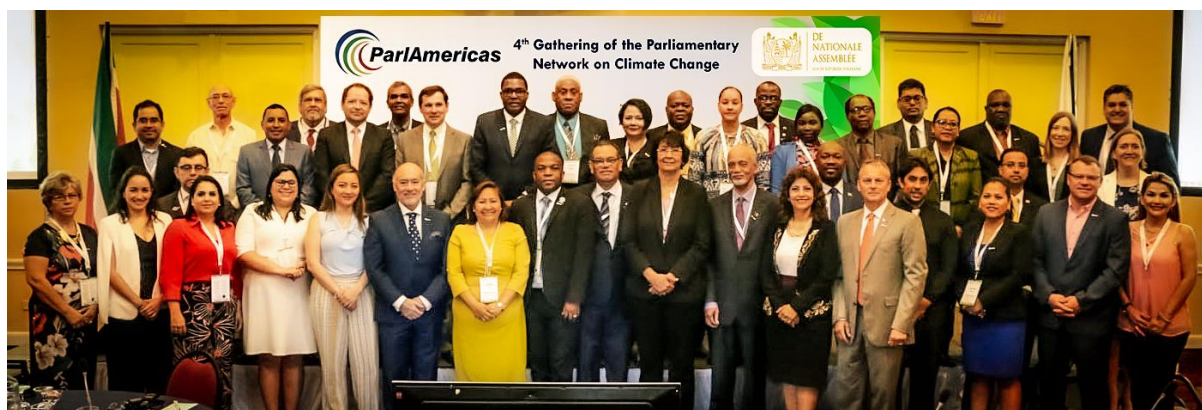

RCC Panama support the development of the agenda and led the Session 3 related to: *Overcoming the Obstacles and Seizing Opportunities for Implementing Carbon Market and Non-Market Mechanisms*, this training session examined how parliaments can support the creation, management and oversight of carbon market and not-market mechanisms in their respective countries. It allowed participants to analyze, through concrete case studies, the most common challenges, as well as opportunities for cooperative implementation of mechanisms that can help countries in achieving their NDCs. The workshop also fostered exchanges of good practices and lesson learned among parliamentarians.

The [Parliamentarian call for action declaration](#) was agreed as an outcome of the gathering and as a parliamentary contribution to the UN Climate Action Summit and COP25
