I. Background and mandate

1. Paragraph 12 of decisions 1/CP.28 and 5/CMA.5 urges developed country Parties to continue to provide support and encourage other Parties to provide, or continue to provide support, on a voluntary basis, for activities to address loss and damage, without prejudice to any future funding arrangements, any positions of Parties in current or future negotiations, or understandings and interpretations of the Convention and the Paris Agreement.
2. The Governing Instrument of the Fund for responding to Loss and Damage enables the Fund to receive contributions from a wide variety of sources of funding, including grants and concessional loans from public, private and innovative sources, as appropriate¹ and stipulates that the Fund will have a periodic replenishment every four years while maintaining the flexibility to receive financial inputs on an ongoing basis.²
3. At its first meeting, the Board requested the interim secretariat to provide status reports on progress with regard to the information provided by the World Bank on options for transforming pledges into contributions.³
4. The Board will prepare a long-term fundraising and resource mobilization strategy and plan for the Fund to guide its mobilization of new, additional, predictable and adequate financial resources from all sources of funding.⁴ The Board at its second meeting decided to finalize its long-term resource mobilization strategy by the end of 2025.⁵
5.
