# Engagement of Stakeholders for robust Transparency Systems by PATPA, LEADS GP & WRI

Capacity Building Hub @ COP25  
Transparency Day // December 5<sup>th</sup>

## Objectives of this event

- **To highlight the experiences, benefits and good practice** for multi-stakeholder engagement in transparency systems
- **To discuss typical barriers** in the planning and implementation of transparency systems, based on exchange of experience with their peers
- **To exchange tools, good practices and experiences** for stakeholder engagement and establishing transparency systems

## PATPA support 1

### Global support:

- **Partnership Meetings** held in the margins of UN climate negotiations
- **Annual Partnership Retreats**

### Regional support:

- Peer-to-peer learning and capacity building activities through technical workshops in **5 regional and language groups**, and through international conferences

## PATPA support 2

### In-country support:

- **Climate Helpdesk** – It further provides targeted support on NDC implementation, transparency systems and LEDS.
  - Ad-hoc Facility for Transparency provides support for establishing sustainable transparency systems & complying with UNFCCC reporting requirements

To request support, please complete the concept note template and send it to [climate.helpdesk@giz.de](mailto:climate.helpdesk@giz.de)

### Support through knowledge products:

- **Knowledge sharing and knowledge products :**
